

Editing Assignments

Last Modified on 08/17/2023 2:38 pm EDT

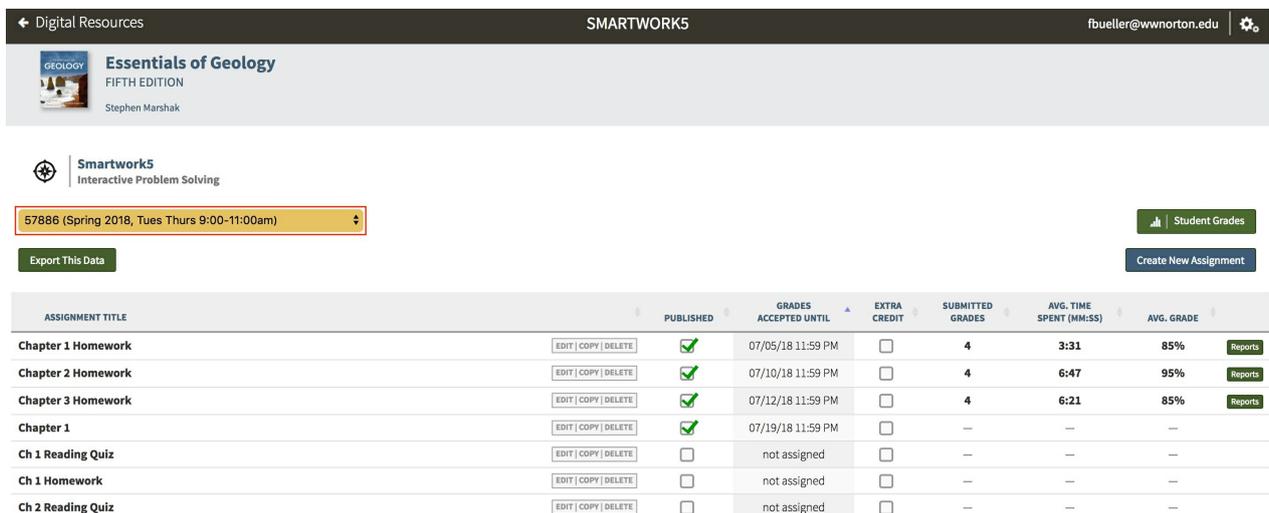

The Assignment Editor allows you to adjust assignment-level settings, such as the Grades Accepted Until date and the time limit. It also allows you to adjust question-level settings, such as the number of points each question is worth and the attempt penalty for each question.

Hide All Answers

Entering the Assignment Editor

To enter the Assignment Editor, do the following:

1. In the Assignment List Page, select the Student Set associated with the assignment you would like to edit.

The screenshot shows the Smartwork5 interface. At the top, there is a navigation bar with "Digital Resources" on the left, "SMARTWORKS" in the center, and "fbueller@wmorton.edu" on the right. Below this is a header for the course "Essentials of Geology, FIFTH EDITION" by Stephen Marshak. A "Smartwork5 Interactive Problem Solving" logo is also present. A dropdown menu shows the current student set: "57886 (Spring 2018, Tues Thurs 9:00-11:00am)". There are buttons for "Export This Data", "Student Grades", and "Create New Assignment". The main content is a table of assignments.

ASSIGNMENT TITLE	PUBLISHED	GRADES ACCEPTED UNTIL	EXTRA CREDIT	SUBMITTED GRADES	AVG. TIME SPENT (MM:SS)	AVG. GRADE

Once you enter the Assignment Editor, you can alter the following assignment settings:

- **Assignment Name**- an editable text field that allows you to change the name of the assignment.
 - **Description**- an editable text field that allows you to add a brief description of the assignment that displays to students.
 - **Grades Accepted Until (GAU)**- this allows you to select when you want the assignment to close. Students cannot submit the assignment for a grade after the GAU date has passed.

Setting Grades Accepted Until (GAU) date

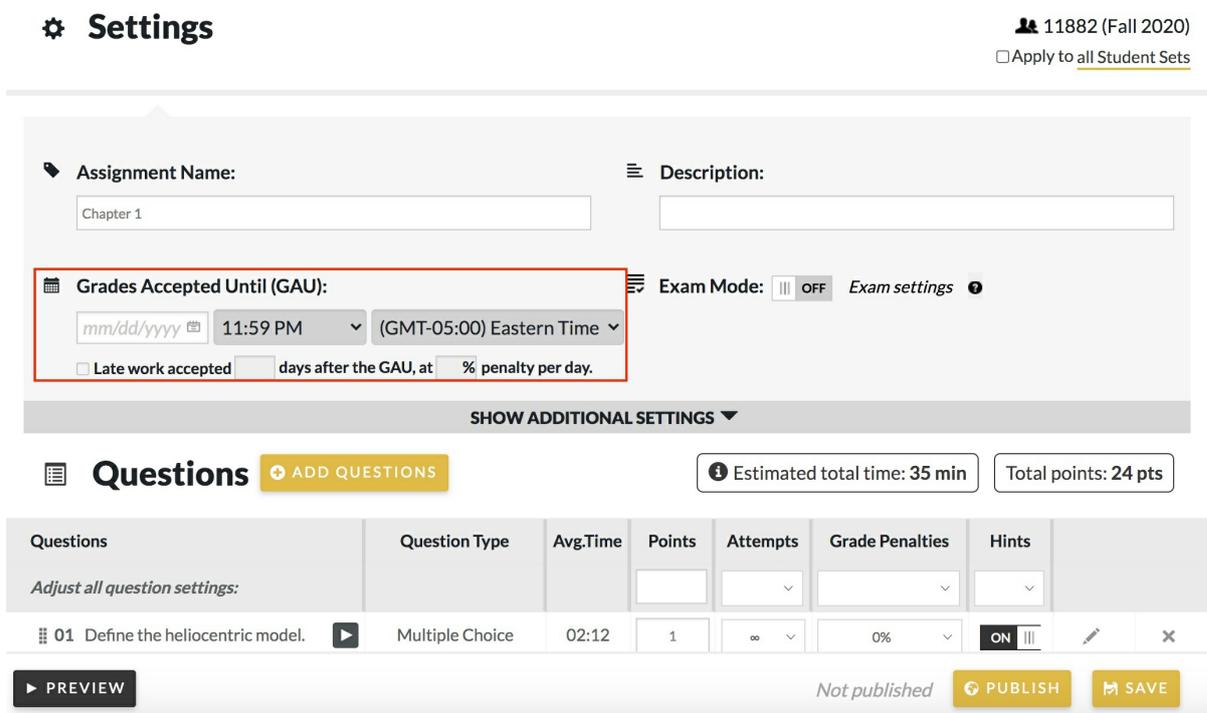

If an assignment does not have a Grades Accepted Until (GAU) date set, the “Grades Accepted Until” column will have a status of “not assigned.” To set the Grades Accepted Until date, do the following:

1. Click Edit next to the assignment.

ASSIGNMENT TITLE	PUBLISHED	GRADES ACCEPTED UNTIL	EXTRA CREDIT	SUBMITTED GRADES	AVG. TIME SPENT (MM:SS)	AVG. GRADE
Chapter 1 Homework	<input checked="" type="checkbox"/>	07/05/18 11:59 PM	<input type="checkbox"/>	4	3:31	85%
Chapter 2 Homework	<input checked="" type="checkbox"/>	07/10/18 11:59 PM	<input type="checkbox"/>	4	6:47	95%
Chapter 3 Homework	<input checked="" type="checkbox"/>	07/12/18 11:59 PM	<input type="checkbox"/>	4	6:21	85%
Ch 1 Reading Quiz	<input type="checkbox"/>	not assigned	<input type="checkbox"/>	—	—	—
Ch 1 Homework	<input type="checkbox"/>	not assigned	<input type="checkbox"/>	—	—	—
Ch 2 Reading Quiz	<input type="checkbox"/>	not assigned	<input type="checkbox"/>	—	—	—
Ch 2 Homework	<input type="checkbox"/>	not assigned	<input type="checkbox"/>	—	—	—

2. In Edit Assignment, click the Grades Accepted Until date field (dd/mm/yyyy). Select the date your assignment will be due.

ASSIGNMENT TITLE	PUBLISHED	GRADES ACCEPTED UNTIL	EXTRA CREDIT	SUBMITTED GRADES	AVG. TIME SPENT (MM:SS)	AVG. GRADE
Chapter 1	<input type="checkbox"/>	11/10/20 11:59 PM	<input type="checkbox"/>	-	-	-

Important Note: Once you set a GAU for one assignment, the system will only calculate assignments with GAUs when averaging students final grades for the course. This means that once you set a GAU for one assignment, all assignments *without* GAUs will *not* be calculated into students' course averages.

- Late work accepted- this allows you to select how a student's grade would be affected by submitting the assignment after a deadline. The "Late work accepted" checkbox will only be enabled once you have set a GAU. To accept late work for the assignment, do the following:

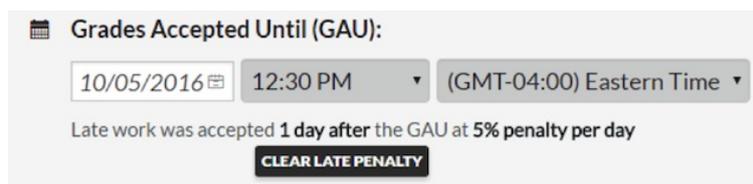

1. Check the "Late work accepted" box.
2. Enter the number of days after the GAU for which work will be accepted.
3. Enter the penalty percentage per day to apply to work submitted during the allowed late period.

The screenshot shows a form titled "Grades Accepted Until (GAU):". It contains three input fields: a date field with "05/19/2017", a time dropdown menu with "11:59 PM", and a time zone dropdown menu with "(GMT-04:00) Eastern Time". Below these fields is a checkbox labeled "Late work accepted" which is checked, followed by a text input field containing "2" and the text "days after the GAU, at", another text input field containing "10 %", and the text "penalty per day."

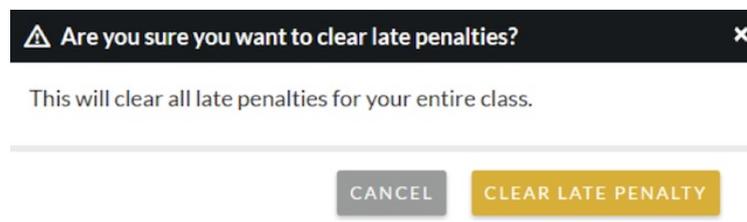

- **Clear Late Penalty-** this allows you to clear all late penalties for your entire class. The Clear Late Penalty button will be available only if the Late penalty checkbox was checked and after the GAU and the late work period have passed.

1. Click on the CLEAR LATE PENALTY button.

The screenshot shows the same "Grades Accepted Until (GAU):" form as above, but with the date field set to "10/05/2016" and the time dropdown set to "12:30 PM". Below the input fields, the text reads "Late work was accepted 1 day after the GAU at 5% penalty per day". A black button with white text labeled "CLEAR LATE PENALTY" is positioned below this text.

2. In the confirmation window, click "Clear Late Penalty."

The screenshot shows a confirmation dialog box with a black header bar containing a warning icon, the text "Are you sure you want to clear late penalties?", and a close button (X). The main body of the dialog is white and contains the text "This will clear all late penalties for your entire class." At the bottom of the dialog are two buttons: a grey "CANCEL" button and a yellow "CLEAR LATE PENALTY" button.

- **Exam Settings** – this allows you to assign exams to students. To learn more about Exam Mode [click here](#).

Expanding the Assignment Editor displays the following settings, which you can also edit:

- **Time Limit**– this allows you to limit the time students have to complete an assignment. Students will see this time limit in the form of a countdown clock when they enter the assignment. To set the time limit, do the following:

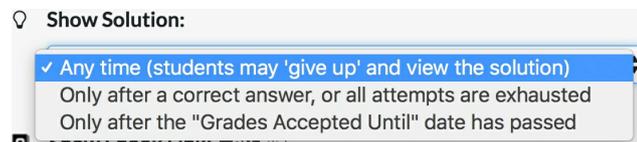

1. Next to “Time Limit,” toggle the switch to “On.”
2. Type the time limit in minutes.

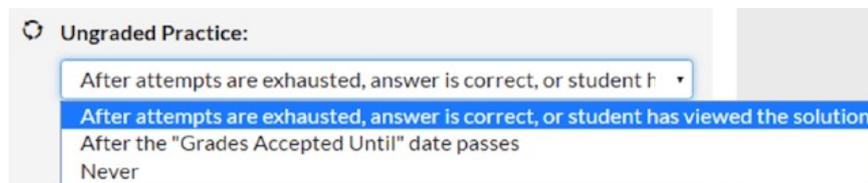

- **Show Solution**– this allows you to set when you want students to see the Solution for each question. Currently, you have three possible selections for when students can see the Solutions, which you can select via a dropdown menu.
 - **Any Time**– This means that students can give up on a question and view the Solution

at any time.

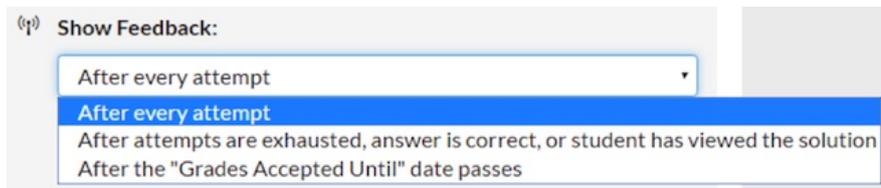

- **Only after a correct answer, or all attempts are exhausted** - this means students will only see Solutions if they get the answer correct, or if they used up all their attempts.
- **Only after the “Grades Accepted Until” date passes** - this means students will only see Solutions after the Grades Accepted Until date.

- **Ungraded Practice**- this allows you to reopen the assignment for practice once students have submitted their assignments. You can select the following options from the dropdown menu:
 - **Never**- Students can never take the assignment for ungraded practice.
 - **After attempts are exhausted**- Students can do ungraded practice any time after they submit the assignment for a grade.
 - **After the “Grades Accepted Until” date passes**- Ungraded practice will only open after the GAU date.

- **Show Feedback**- this allows you to set when you want students to see feedback for each answer attempt. Currently, there are three possible settings for showing answer feedback, which you can select from a drop down menu.
 - **After every attempt**- Students will see feedback after every incorrect and correct answer attempt.
 - **After attempts are exhausted**- Students will see feedback under the following conditions:
 - They will see feedback on their last question attempt (so if they are allotted two attempts, they will see feedback after their second attempt only).
 - If a student gets the answer correct.
 - If a student viewed the Solution.
 - **Only after the “Grades Accepted Until” date passes** - students will only see feedback on the attempts they made after the Grades Accepted Until date passes.

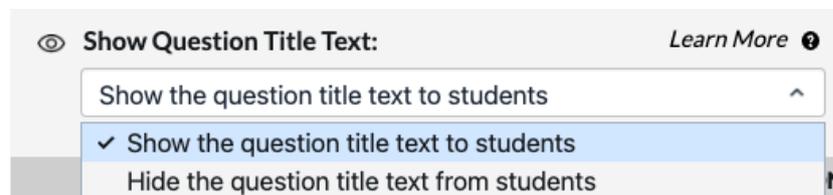

- **Show Ebook Link**- this allows you to allow the ebook link to display in the question. By default, this setting is toggled to "On."

- **Show Periodic Table**- this allows you to let students view the Periodic Table in an assignment. This setting is toggled to "On" by default for the science taxonomy.

- **Show Question Title Text** - this allows you to select whether students can see the title of questions within their assignment.

- **Show the question title text to students** - this will allow students to see the question titles of each question in their assignment. By default, the setting is set to "Show question title text to students."
- **Hide the question title text from students** - selecting this will hide the question titles of each question from students when they access their assignment.

02 Label the phase diagram ...	Labeling	03:33	1	3	0%	ON	
03 Explain why glass is not c...	Multiple Choice	01:10	1	3	0%	ON	
04 Identify crystals visually	Labeling	02:07	1	3	0%	ON	
05 Name and distinguish be...	Labeling	00:56	1	3	0%	ON	

In the Assignment Setting Editor you can also edit individual question's settings. Each question in the assignment is displayed in the Question Settings Table, located underneath the Assignment Settings section.

In the table, determine which question's settings you would like to change, then go to the appropriate column to make the change.

You can change the following settings in this table:

- **Points-** You can change the points for each question by going to the points column and typing in the number of points you want the question to be worth. You can use this to weight questions against each other within the assignment.

Questions	Question Type	Avg.Time	Points	Attempts	Grade Penalties	Hints	
<i>Adjust all question settings:</i>			1	1	0%	ON	APPLY TO ALL
01 Identify minerals via crys...	Labeling	03:13	1	3	0%	ON	▶ ✎ ✕

- Graded Attempts**- You can change the number of attempts by going to the Attempts column and selecting the number of attempts from the dropdown. You can select 1-10 or unlimited attempts.

Questions	Question Type	Avg.Time	Points	Attempts	Grade Penalties	Hints	
<i>Adjust all question settings:</i>			1	1	0%	ON	APPLY TO ALL
01 Identify minerals via crys...	Labeling	03:13	1	4	0%	ON	▶ ✎ ✕
02 Label the phase diagram ...	Labeling	03:33	1	5	0%	ON	✎ ✕
03 Explain why glass is not c...	Multiple Choice	01:10	1	6	0%	ON	✎ ✕
04 Identify crystals visually	Labeling	02:07	1	7	0%	ON	✎ ✕
05 Name and distinguish be...	Labeling	00:56	1	8	0%	ON	✎ ✕
				9	0%	ON	✎ ✕
				10	0%	ON	✎ ✕
				∞			

- Grade Penalty**- You can change the grade penalty by going to the Grade Penalties column and selecting the percentage of points you would like students to get off for making incorrect attempts. You can select between 0% and 99%.

If the question contains a multiple choice or dropdown module, you have the option to select "Guessing Penalty." When Guessing Penalty is selected, the system calculates the grade penalty as $1/(n-1)$, where n is the number of answer choices.

Questions	Question Type	Avg.Time	Points	Attempts	Grade Penalties	Hints	
<i>Adjust all question settings:</i>			1	1	0%	ON	APPLY TO ALL
01 Identify minerals via crys...	Labeling	03:13	1	3	0%	ON	▶ ✎ ✕
02 Label the phase diagram ...	Labeling	03:33	1	3	0%	ON	✎ ✕
03 Explain why glass is not c...	Multiple Choice	01:10	1	3	1%	ON	✎ ✕

Notifications from Norton about Live Edits of Questions

Live-Edited Question Messages

If a question used in published assignments that are available to students is edited, you will see a message from Norton that the question has been updated. You may or may not get a more detailed explanation of what has changed. If it was a small edit such as correcting a typo, it's more likely you will simply get a short, automated message.

You do not need to take any action for Live updates, as they should not significantly affect any assignments or grading.

Example of a Live Edit message:

We've improved a question!

We're always looking to improve our content to make sure students have the best learning experience. After hearing feedback from subject matter experts and instructors like you, we've updated a Norton-provided question within your published assignment, **ASSIGNMENT TITLE**, which is due **MONTH DAY, YEAR**, at **HOUR:MINUTE AM/PM (TIMEZONE)**. This update should not affect any student results.

Deleted Question Messages

If you see a message that a question has been deleted, this means it was available and present in a published assignment. We therefore encourage you to remove the question from active assignments and re-grade accordingly. You can use the Credit All function to give students credit for flawed, deleted questions (see Knowledge Owl section about **Crediting All**).

If a question is deleted from an assignment that has not yet been published, you will *not* receive a message; it will simply disappear from the assignment.

Example of a Deletion message:

Smartwork5

QA Testing

There's a flaw in one of our questions.

It seems there is a flaw in one of the Norton-provided questions within your published assignment, **ASSIGNMENT TITLE**, which is due **MONTH DAY, YEAR**, at **HOUR:MINUTE AM/PM (TIMEZONE)**. **SOME/NO STUDENTS** from the set **STUDENTSET (STUDENT SET ID)** have already worked on this question.

DEMOTION TEST, TAKE TWO #2 ▶ LAUNCH STUDENT VIEW

Question Number	2.2	Type:	Multiple Choice
Difficulty	MEDIUM	Modules:	Multiple Choice
Bloom's Type Domain	Remembering	Objectives:	Learning Objective

What should you do

Remove & Regrade Recommended

We recommend removing the flawed question from your published assignment. Any student work on the question will be discarded. Grades will update as a result. Consult the [help notes](#) for more information.

Leave it alone

There may be circumstances where removing the flawed question may not be necessary. If you leave your assignment as is, the student work on this question will count towards the grade.
