

How to register for Norton products from my LMS course

Last Modified on 08/03/2020 12:16 pm EDT

Learning Management System (LMS) integration allows access to Norton digital learning tool products directly from your instructor's LMS course. The integration provides for grade transfer to your LMS gradebook and single sign in after you've registered.

How do I register for Norton products from my LMS course?

Before beginning this process, please confirm with your instructor, whether he or she is using LMS Integration with your course and has setup an integrated link to Norton product(s).

To Register for Norton Product(s) from your LMS Course, click on the link below, choose your schools LMS and Norton Product and watch the video:
