

Student Frequently Asked Questions

Last Modified on 07/20/2023 1:10 pm EDT

The Frequently Asked Questions page is dedicated to common issues that students may experience when registering for access or using our products.

If this is your first time using a Norton product, check out the how to articles found in the [Getting Started](#) section of Knowledge Owl.

If you do not find your issue listed here, please contact the [W.W. Norton Service Desk](#) for further support.

What if I forgot my password?

If you forgot your password, you can reset it on the Norton Digital Landing Page by following the steps below:

1. Click on the green Sign In, Register a Code, or Purchase Access button in the middle of the webpage or click on the gear menu in the top right corner of the webpage.
2. When the "Have you already registered for this product?" login prompt appears, click on the "Forgot your Password?" link beneath the password field.
3. In the Forgot your Password prompt, input the email address that you registered for your W.W. Norton product with.
4. Click Reset Password and OK to request a password reset email. A password reset email will send. Please note you will have 15 minutes to use the link sent in the password reset email. If you do not reset your password within 15 minutes, you will need to repeat this process from step 1.
5. Log in to your email account. You will receive an email with the subject heading "Password Reset for W.W. Norton Account." If you do not see the reset email in your inbox, check your Spam folder.
6. Click on the link provided after "Here is the link to reset your password".
7. This link will load the W.W. Norton website in a new tab where you will be prompted to input a new password and retype your new password before clicking Reset Password. Please note your new password cannot contain any of the following special characters: # ^ % _ ' \
8. The webpage will reload and you will be prompted to log in to your W.W. Norton account using your new password on the Digital Landing Page for the product you were attempting to log in to.

To reset your password on the W.W. Norton website, follow the steps below:

1. Go to <https://wwnorton.com/> in a new window or tab.

2. Click on the Log In account icon in the top right corner of the webpage.
3. Click on Forgot your Password? at the bottom of the Already Have a Norton Account? section of the login tab.
4. Input the email address that you registered for access to Norton products with and click Send Email. You will see a confirmation that the password reset email has been sent.
5. Log in to your email account. You will receive an email with the subject heading "Password Reset for W.W. Norton Account." If you do not see the reset email in your inbox, check your Spam folder.
6. Click on the link provided after "Here is the link to reset your password".
7. This link will load the W.W. Norton website in a new tab where you will be prompted to input a new password and retype your new password before clicking Reset Password. Please note your new password cannot contain any of the following special characters: # ^ % _ ' \
8. The webpage will reload and you will be prompted to log in to your W.W. Norton account using your new password.

*If you are a High School student, please consult with your teacher or submit a request to the [W.W. Norton Service Desk](#) to have your password reset.

What do I do if I forgot the username/email address I registered with?

If you forgot the username or email address that you registered with, please go to the [W.W. Norton Service Desk](#) to submit a support request.

What does it mean if my Student Set is integrated?

This simply means your instructor has decided to set up your Student Set using an LTI Integration with your school's Learning Management System. Learning Management Systems include Blackboard Learn, Canvas, Moodle/D2L and more. Because your course is set up this way, it is important to follow steps provided by your instructor to access your course materials.

Why can I see my grades in Norton Learning Tools but not my LMS?

For Student Sets that are integrated through a school's Learning Management System, grades will only appear in the instructor and student grade view if students access course materials correctly. To make sure your grades appear in your LMS:

1. Login to your school's Learning Management System using your credentials.
2. Navigate to the course that is integrated with Norton Learning Tools.
3. Open one of the links that has been added by your instructor to your course. You will be taken to the Norton Learning Tools page or an activity and be prompted to login.
4. Create an account or login using your existing Norton credentials and open the activity or complete the activity that you opened for a final score.
5. Since you accessed your activity the correct way, your earned final grade will appear in your instructor's gradebook.

6. If you have followed these steps and still cannot see the grade that you earned in your LMS gradebook, go to the [W.W. Norton Service Desk](#) page to submit a support request.

Why isn't my access code working?

If you are experiencing issues with your access code, please contact the [W.W. Norton Service Desk](#) for support.

How do I get my ebook pages to load?

If you are experiencing issues with loading your ebook, please follow the steps below.

1. If your ebook page did not load, please use one of the navigational arrows to navigate to a new page in the ebook.
2. Once that page has loaded, navigate back to the original page. The original page should now load.
3. If the page did not load after navigating, please update the URL in your browser to include "?si=0" without quotation marks and hit Enter on your keyboard to reload the page. *a screenshot will be inserted here to show students where the extra characters should be included*
 - Please note, the character after the equal sign is a zero.
4. If the ebook page still does not load, please log out of Norton Learning Tools and clear your browser history in your settings.
5. If you have attempted all of these and your ebook is still not loading, please go to the [W.W. Norton Service Desk](#) page to submit a support request.

What if I selected the wrong school when registering my account or access code?

Please go to the [W.W. Norton Service Desk](#) page to submit a support request to update the school you registered with.

How do I purchase access after I've created an account?

If you created an account in the Login pop-out on the books.wwnorton.com website, please follow the steps below to purchase access to your product.

1. Login to your account by clicking the account icon on the books.wwnorton.com website.
2. Once you are logged in, click the Student menu in the top left.
3. Click on Shop Textbooks.
4. Click on College or High School.
5. Select your book title's discipline from the list on the left side of the page or search for the product using the search bar next to the account icon.

6. Find your book title in the list or select it from the generated options from your search.
7. Scroll down and click View All Options. This will take you to the main Norton Learning Tools page.
8. Click on Sign In, Register a Code or Purchase Access and input your email address and password from the account you created on books.wwnorton.com.
9. Choose I want to view purchase options from the menu.
10. Input your information in the empty fields and click Continue until you get to the Purchase Menu.
11. Select the option you would like to purchase and complete your purchase.

How do I upgrade from trial access?

Students can sign up for [trial access](#) to our products for 21 days. After your trial access expires, you will receive a notification that you need to purchase access upon opening an activity or ebook. There are two ways to upgrade your access:

1. Sign in to your Norton Learning Tools product page.
2. Open the ebook or InQuizitive activity you plan to work on.
3. A pop-up will appear that says, "Your trial access period has expired. Please purchase access or redeem a registration code to continue accessing the product."
4. If you have a registration code that you purchased, enter it into the I have a registration code field.
5. If you would like to purchase access, click on I want to view purchase options, and then Show Purchasing Options.
6. Accept the Terms and Conditions, input your University information and click continue.
7. Select what you would like to purchase access to.
 - Depending on your product, you will have several purchase options to choose from. Be sure to thoroughly read what is included in each option, so you have access to the products you need for the duration of your course.
8. Enter your credit card information and click Review Your Order.
9. Once you click Complete Your Purchase, you will have immediate access to the products you selected.

The other way to upgrade from trial access is:

1. Log in to your Norton Learning Tools product page.
2. Click on the Purchase Options tag in the top right beneath the account icon.
3. Select what you would like to purchase access to.
 - Depending on your product, you will have several purchase options to choose from. Be sure to thoroughly read what is included in each option, so you have access to the products you need for the duration of your course.

4. Enter your credit card information and click Review Your Order.
5. Once you click Complete Your Purchase, you will have immediate access to the products you selected.

What if I purchased InQuizitive access but I can't access the ebook?

If you purchased access to InQuizitive and cannot access the ebook, you will need to purchase access to the ebook. To update your purchase:

1. Log in to your Norton Learning Tools page.
2. Click on the Purchase Options tag in the top right beneath the account icon.
3. Select the purchase upgrade for the ebook.
4. Input your credit card information and confirm your purchase.
5. You will have immediate access to the ebook.

Why isn't my ZAPS activity calculating my final grade?

This happens when you have not answered all of the questions within the ZAPS activity. To be sure you've completed all questions, close out of the activity and re-open it. Starting with the activity introduction, click through each section of the activity and answer any questions that have not been answered. Once you've completed each question, ZAPS will calculate your final score.

How can I request a refund for a Digital Product purchase?

Refunds for digital products must be made within 10 business days of the purchase. Our return policy can be viewed [here](#).

To request a refund, please submit a [support request](#). Please be sure to submit your request using the email address you used to make the purchase.
