### The table below explains known compatibility issues with specific eBook features and devices.

Ebook Feature	Explanation
Read aloud (text-to-speech)	Norton Ebooks and the Norton Ebook Reader are compatible both with screen readers and with browser extensions that enable text-to-speech functionality, such as the "Read Aloud" tool available on Google Chrome and Firefox. Apple and Google also offer text-to-speech solutions that you can use to read your ebook aloud on mobile devices.
	Please click on one of the links below for more information:  • Apple iOS: VoiceOver  • Chrome: Read Aloud: A Text to Speech Voice Reader  • Google Android: Google Text-to-speech

Highlighting and Annotations	Safari may have settings that sometimes interfere with the overall functionality of creating highlights or annotations in
	the ebook. If you experience any issues, please try using
	Chrome instead, as it offers a slightly better experience.
Office Deciden	The Niester Charle Danders was the office and discount
Offline Reader	The Norton Ebook Reader supports offline reading on
	computers, tablets, and smartphones so that you can
	continue to access your textbooks where normal online
	connectivity through WiFi or cellular service may not be
	available. For more information, please click here.
General Usage	When viewing the ebook using Safari on a computer or
Johnston Coago	mobile device, some default settings may hinder the general
	functionality of the ebook. If you experience issues when
	using Safari, please make sure your cookies setting is set to
	Allow from websites I visit or Always allow and ensure you
	have JavaScript enabled. If you experience any issues,
	please try using Chrome instead, as it offers a slightly better
	experience.
Touchscreen Device	If you're using a Windows device that has both a
	touchscreen and mouse enabled at the same time, the ebook
	will only register the selections made using the touchscreen
	and will ignore any mouse clicks.
