

Getting Started as an Instructor with InQuizitive

Last Modified on 07/25/2024 1:24 pm EDT

InQuizitive works on computers, tablets, and smartphones and integrates with the Norton Ebook Reader and other digital products. This page provides details on how users can access InQuizitive and then manage their associated settings.

Hide All Answers

How do I log in?

1. Log in to your textbook's digital product homepage using your email address and Norton instructor account password.
2. Once you're signed in, click on the Getting Started tile for directions on how to set up your InQuizitive section and for registration instructions to distribute to students.

Are there any how-to videos available?

Yes, indeed! Here's a list of videos for both you and your students.

For instructors:

- [Creating a Student Set](#)
- [Modifying activity settings](#)
- [Viewing student results](#)
- [Class activity reports](#)
- [Overview of how InQuizitive activities work](#)

For students:

- [Student registration](#)
- [Adding yourself to a Student Set](#)
- [How to complete InQuizitive activities](#)

How should I use InQuizitive in my classroom?

Since InQuizitive is formative assessment, it's not intended to be used as high-stakes testing.

It is beneficial to assign InQuizitive activities as pre-lecture assignments to ensure students have read the course materials before coming to class.

To incentivize completion of InQuizitive activities, it's important to assign them for a grade, however, consider weighting InQuizitive as a relatively small part of students' overall course grade (e.g., 5–10%).

How do students register for InQuizitive?

Students can access InQuizitive in three ways: An InQuizitive registration code comes for free with new copies of select Norton textbooks. Contact your local Norton representative to ensure you've ordered a version of your textbook that comes with InQuizitive access. Students can purchase access to InQuizitive online. Students can access InQuizitive for 21 days through trial access. At the end of 21 days, students will have to enter a registration code or purchase access online.

How do students join my InQuizitive section?

InQuizitive sections are called Student Sets.

To view your students' grades and other activity data, you will need to create a Student Set for your class section, and then have students join this Student Set.

Here's how to create a Student Set:

After logging in to the digital product homepage for your textbook, click on the gear menu in the upper-right corner of the page and select Manage Student Sets.

The screenshot shows the InQuizitive interface for a course titled "Psychological Science, FIFTH EDITION" by Gazzaniga and Halpern. The user is logged in as "iqinstructor@wwnorton.edu". A red arrow points to the "Manage Student Sets" option in the top right menu. Other menu items include "Show Student View", "Help", "Change Your Email", "Change Your Password", and "Sign Out". Below the menu, there are buttons for "SELECT A STUDENT SET", "Export This Data", "Student Grades", and "Create Custom InQuizitive Assignment".

Click the Create New Student Set button.

The "Manage Student Sets" dialog box is shown. It includes a search bar, a table with columns for ID, Title, Additional Instructors, Students, Start Date-End Date, and Actions. The table is currently empty, displaying "No data available in table" and "Showing 0 to 0 of 0 entries". A red arrow points to the "Create New Student Set" button in the top right corner of the dialog. At the bottom, there are "Export This Data" and "Create Custom InQuizitive Assignment" buttons.

Select the type of Student Set you would like to create.

The "Create a New Student Set" dialog box is shown. It asks "How would you like to initialize your Student Set?" and offers two options: "1. Create a new Student Set from scratch." and "2. Create a new Student Set that starts with a copy of an existing Student Set's assignments and settings." The first option is selected, indicated by a red arrow. The second option includes a dropdown menu labeled "SELECT A STUDENT SET". At the bottom right, there are "Cancel" and "Next" buttons. A "Student Grades" button is also visible at the bottom right of the dialog.

Follow the instructions from there to create a Student Set. Make a note of the Student Set ID and distribute it to your students.

Manage Student Sets

Student Sets allow you to view **grades** and **performance analytics** for your students. [\[Learn More\]](#) Create New Student Set

Still need help? Watch [this video](#).

Last, [here's](#) how students add themselves to your Student Set.

Note: If you're using LMS integration, you don't need to create a Student Set. A Student Set will be automatically created and students will be automatically added to it after registration.

How do I add a Co-Instructor, a Scoring Teaching Assistant, or a Teaching Assistant to my Student Set?

Note: Adding a TA or STA to your Student Set will not grant that account access to the associated product(s); the TA or STA will still need to register or purchase access to be able to use the Digital Resources for your textbook.

Click on the gear menu in the upper-right corner and select Manage Student Sets from the menu.

Formative Adaptive Quizzing

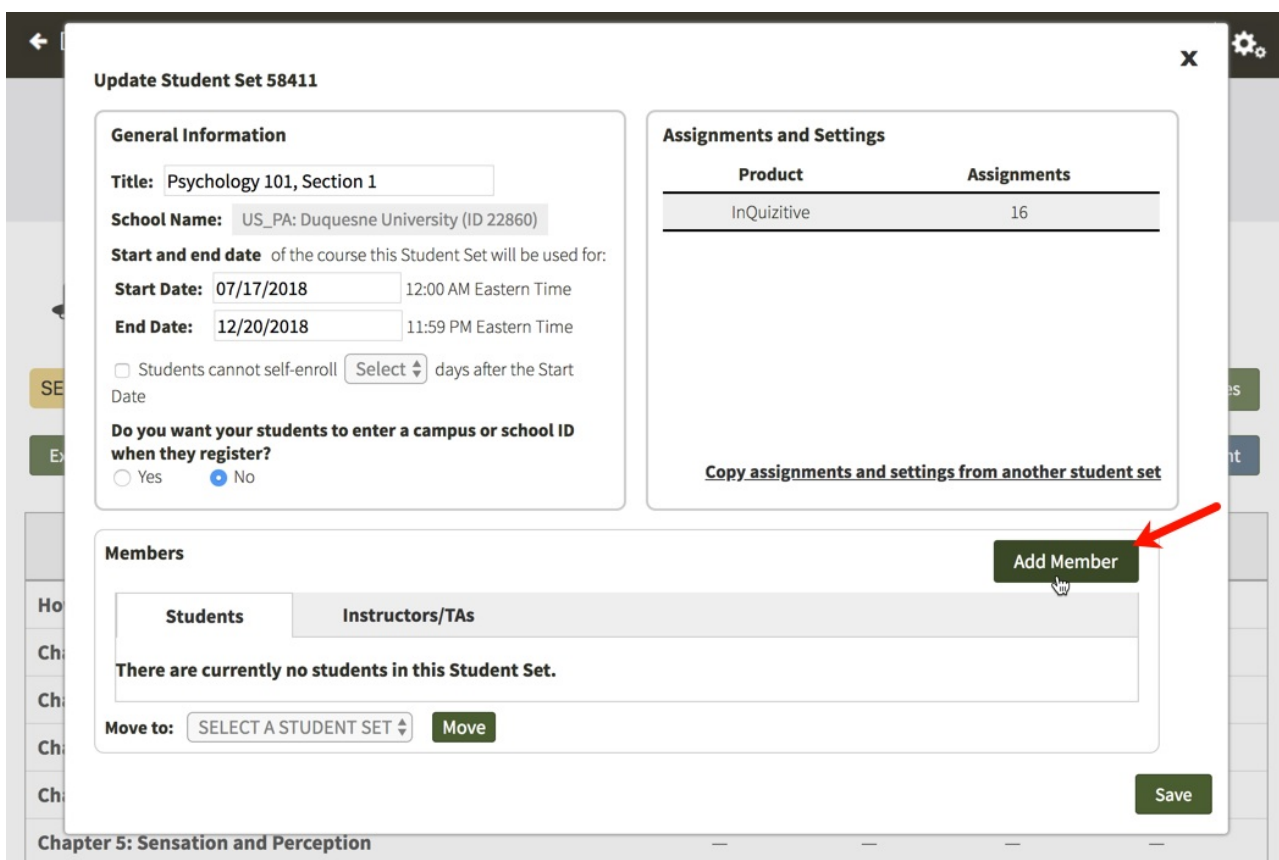

SELECT A STUDENT SET Student Grades

Export This Data Create Custom InQuizitive Assignment

Click the Update button to the right of the Student Set to which you would like to add a Co-Instructor, a Scoring TA, or a TA.

In the Members section, click the Add Member button.

In the Role dropdown menu, select the level of access you would like to give the person who you are adding to your Student Set. For a comparison of the four different roles, please see the Overview of Role Permissions section below. Type in the person's email address and click the Lookup button.

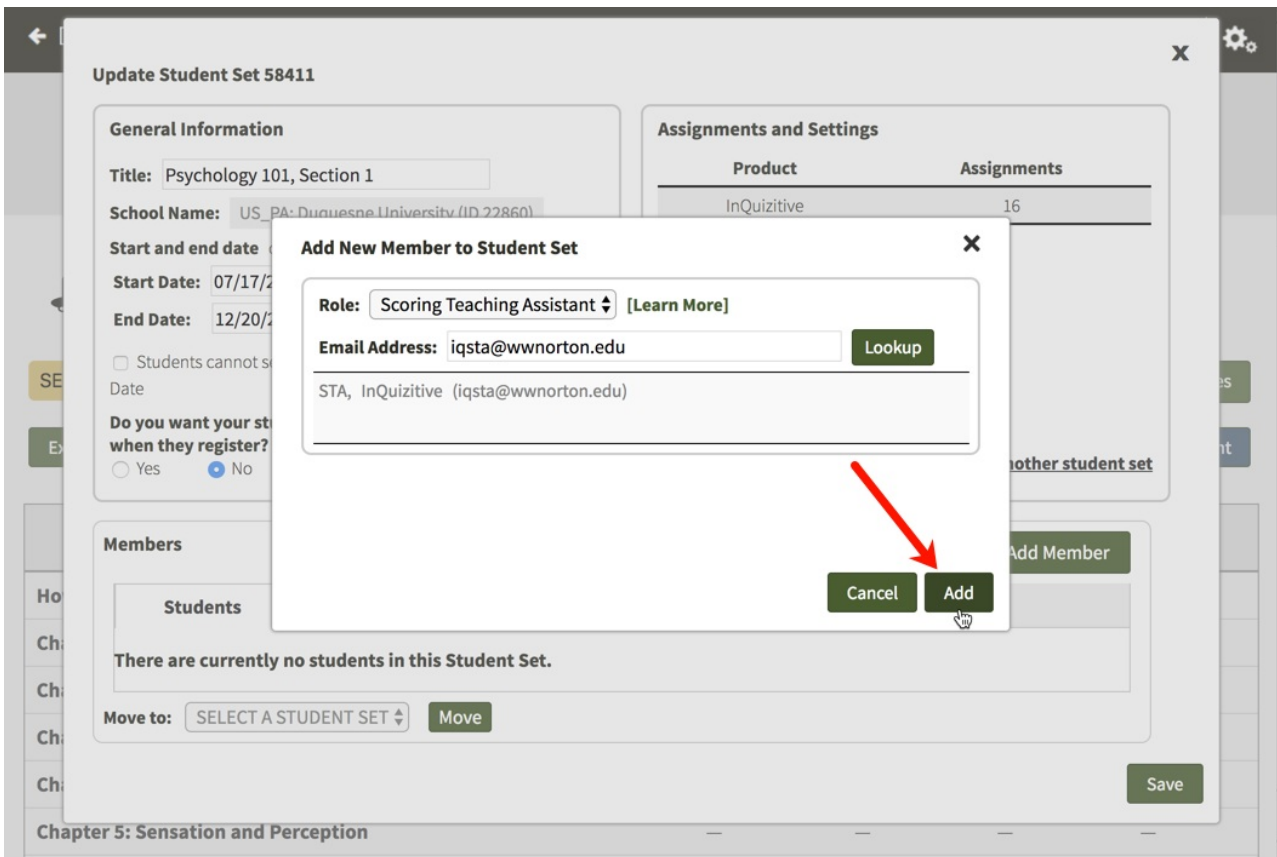

- If adding a co-instructor, the person you are adding must have a Norton account with full instructor privileges. For help with this, please contact the [W.W. Norton Service Desk](#).
- If you are adding a Scoring Teaching Assistant or a Teaching Assistant, this person does not have to have a pre-existing Norton account. In the case that they do not have a Norton account, we will send them an email with log in instructions once you add them to your Student Set.
- Note:** If you are adding a student as a Scoring Teaching Assistant or Teaching Assistant, you are changing their permissions in all Norton products. If they are enrolled as a student in another Student Set, please

have them register with a **separate email address** when logging in as a Teaching Assistant or a Scoring Teaching Assistant.

- d. Once you give an account a specific level of permission in your Student Set, you cannot downgrade that account to a lower permission level. For example, if you give an account Scoring Teaching Assistant access, you cannot downgrade that account to Teaching Assistant.

The screenshot shows the 'Update Student Set 58411' interface. The 'General Information' section includes fields for Title, School Name, Start Date, and End Date. The 'Members' section shows a list of students, currently empty. A modal dialog box titled 'Add New Member to Student Set' is open, featuring a 'Role' dropdown menu set to 'Scoring Teaching Assistant', an 'Email Address' field containing 'iqsta@wwnorton.edu', and a 'Lookup' button. Red arrows highlight the role dropdown, the email address field, and the lookup button. The dialog also includes 'Cancel' and 'Add' buttons at the bottom.

Click on the Add button to add the co-instructor, Scoring TA, or TA to your Student Set.

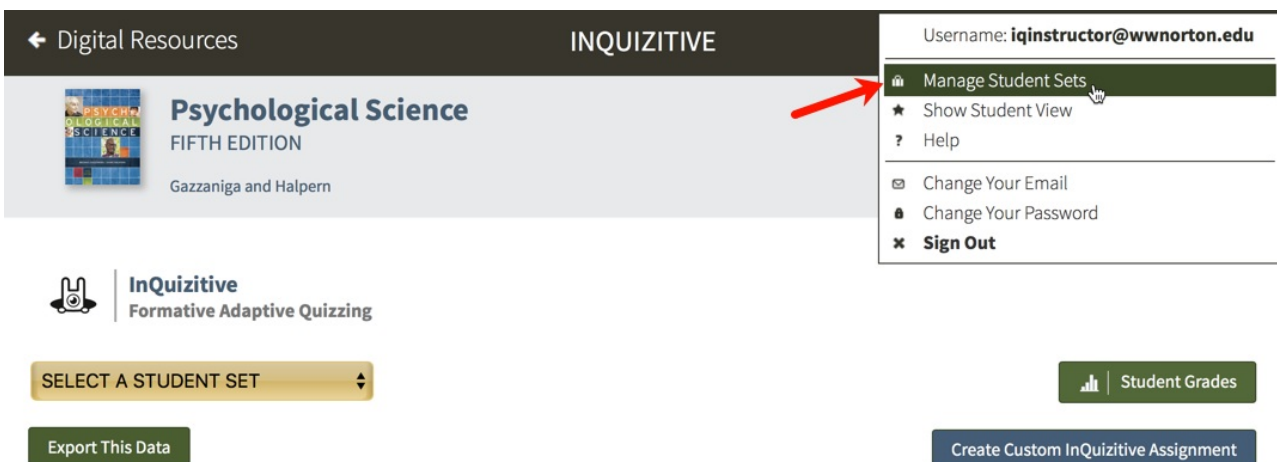

When you are finished updating your Student Set, click on the Save button in the lower-right corner to save your changes.

Please note: Adding a TA, STA, or Instructor to your Student Set will not grant that account access to the associated product(s); the TA, STA, or Instructor will still need to register or purchase access to be able to access the Digital Resources for the textbook.

Removing Co-Instructors, Scoring TAs, or TAs from Your Student Set

Click on the gear menu in the upper-right corner of the page and select Manage Student Sets from the menu.

Click the Update button to the right of the Student Set from which you would like to remove a co-instructor, a Scoring TA, or a TA.
