Which devices and browsers are best for accessing InQuizitive?

To view minimum system requirements for using InQuizitive, please [click here](#).

How do I register for InQuizitive?

You can access InQuizitive in three ways:

1. Enter a registration code.

- An InQuizitive registration code comes for free with new copies of select Norton textbooks.

2. Make an online purchase.

- You can purchase access to InQuizitive online. If you purchase an ebook, your ebook purchase will automatically entitle you to InQuizitive access.

3. Register via trial access.

- You can access InQuizitive for three weeks through trial access. At the end of three weeks, you will have to enter a registration code or purchase access online to continue using InQuizitive.

How do I join my instructor's InQuizitive section?

Your instructor's InQuizitive section is called a Student Set.

To join your instructor's Student Set, enter your Student Set ID. You will be asked for this the first time you access an InQuizitive assignment, but it can be entered at any time by selecting Add Yourself To a Student Set in the InQuizitive account icon at the top right of the page. All work you've previously completed will now be viewable by your instructor.

The screenshot shows the InQuizitive interface. At the top, there is a navigation bar with "Digital Resources" and "INQUIZITIVE". Below this, the InQuizitive logo and "Formative Adaptive Quizzing" are visible. A user menu is open on the right, showing the username "iqstudent@wnorton.edu" and several options: "Add Yourself to a Student Set" (highlighted with a red arrow), "Request Support", "Help", "Change Your Email", "Change Your Password", and "Sign Out". Below the menu, a table displays assignment details.

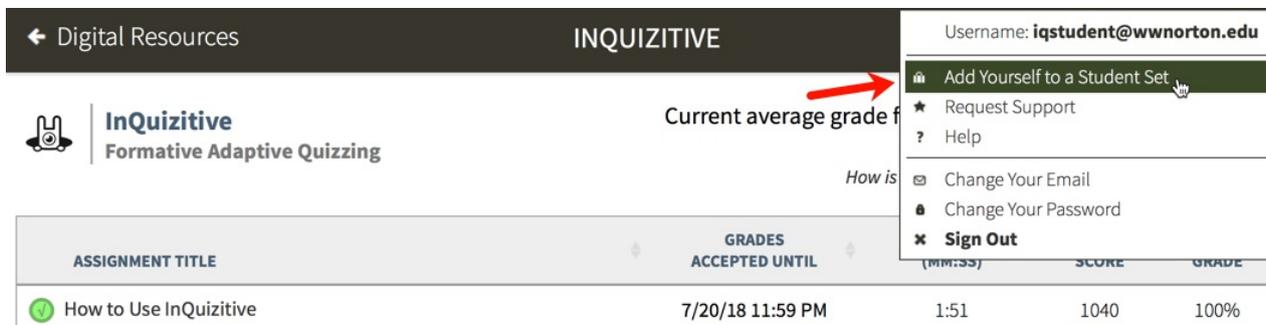

ASSIGNMENT TITLE	GRADES ACCEPTED UNTIL	(MM:SS)	SCORE	GRADE
How to Use InQuizitive	7/20/18 11:59 PM	1:51	1040	100%

How do I check that I joined the correct student set?

If you have already joined a Student Set and you would like to confirm which Student Set you joined, please follow these steps:

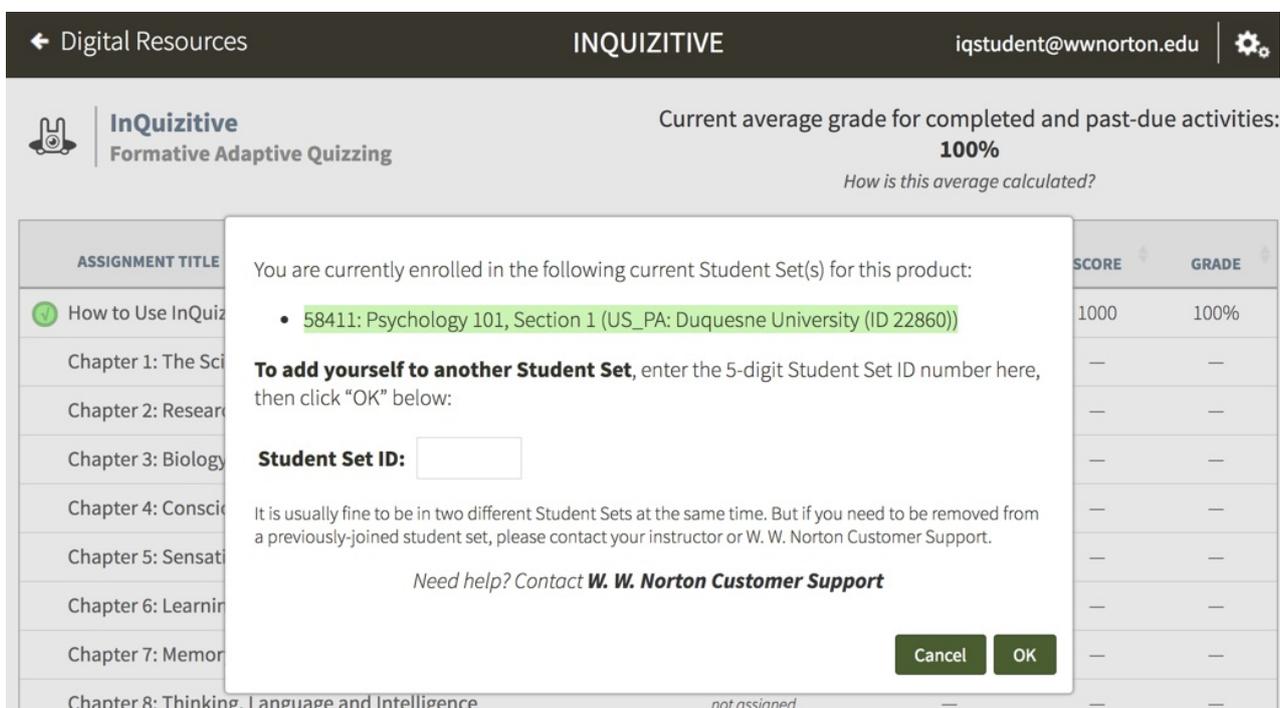

Click on the account icon in the upper right corner and select Add Yourself to a Student Set from the menu.

The screenshot shows the InQuizitive interface. At the top, there is a navigation bar with "Digital Resources" and "INQUIZITIVE". The user's username is "iqstudent@wwnorton.edu". A dropdown menu is open, showing options: "Add Yourself to a Student Set", "Request Support", "Help", "Change Your Email", "Change Your Password", and "Sign Out". A red arrow points to the "Add Yourself to a Student Set" option. Below the menu, the current average grade for completed and past-due activities is shown as 100%. A table lists assignments with columns for Assignment Title, Grades Accepted Until, Time, Score, and Grade.

ASSIGNMENT TITLE	GRADES ACCEPTED UNTIL	TIME	SCORE	GRADE
How to Use InQuizitive	7/20/18 11:59 PM	1:51	1040	100%

Any Student Sets of which you are currently a member will be displayed near the top of the window.

The screenshot shows the InQuizitive interface with a modal dialog box open. The dialog box contains the following text: "You are currently enrolled in the following current Student Set(s) for this product:" followed by a list item: "58411: Psychology 101, Section 1 (US_PA: Duquesne University (ID 22860))". Below this, it says: "To add yourself to another Student Set, enter the 5-digit Student Set ID number here, then click 'OK' below:". There is a text input field labeled "Student Set ID:". Below the input field, it says: "It is usually fine to be in two different Student Sets at the same time. But if you need to be removed from a previously-joined student set, please contact your instructor or W. W. Norton Customer Support." At the bottom of the dialog, there is a link: "Need help? Contact W. W. Norton Customer Support" and two buttons: "Cancel" and "OK". The background interface shows the current average grade for completed and past-due activities as 100% and a table of assignments.

You can add yourself to as many Student Sets as you would like. However, you cannot remove yourself from a Student Set; only your instructor can perform that action.

If you enrolled in the wrong Student Set, enroll in the correct one and notify your instructor of the mistake. Your instructor can then remove you from the incorrect Student Set.

If you joined a Student Set that is not accessible to your instructor, please contact [W. W. Norton Customer Support](#) to be removed from the incorrect Student Set.

What if my instructor doesn't give me a student set ID?

Don't sweat it. There are two likely reasons for this: Either your instructor is not assigning InQuizitive for a grade, or it's integrated with your campus learning management system (Blackboard, Moodle, etc.), in which case you don't need a Student Set ID; your grades will automatically report to your instructor.

Where can I watch how-to videos?

How do I change the email address I use to access InQuizitive?

If you registered or purchased access to InQuizitive and you used the wrong email address, click on the account icon in the upper-right corner and then Change Your Email in the menu.

Provide the required information on the Change Your Registered Email Address window and click the Submit button.

Please note, you can update your email address any time within 14 days of creating your account. After 14 days, please contact [W. W. Norton Customer Support](#) for assistance.

What's up with the little alien?

The alien's name is Quizmo, and he appears throughout InQuizitive to provide you with an enjoyable learning experience!
