

Filtering Questions

Last Modified on 07/01/2024 4:34 pm EDT

Norton Testmaker allows question filtering using bank-specific metadata. Questions will not be displayed in the "Add Questions" panel until a search and/or filters are applied. You can use filters to narrow your search results. Some commonly available filters include:

1. Chapters
2. Question Types
3. Difficulty
4. Learning Objectives
5. Bloom's Taxonomy

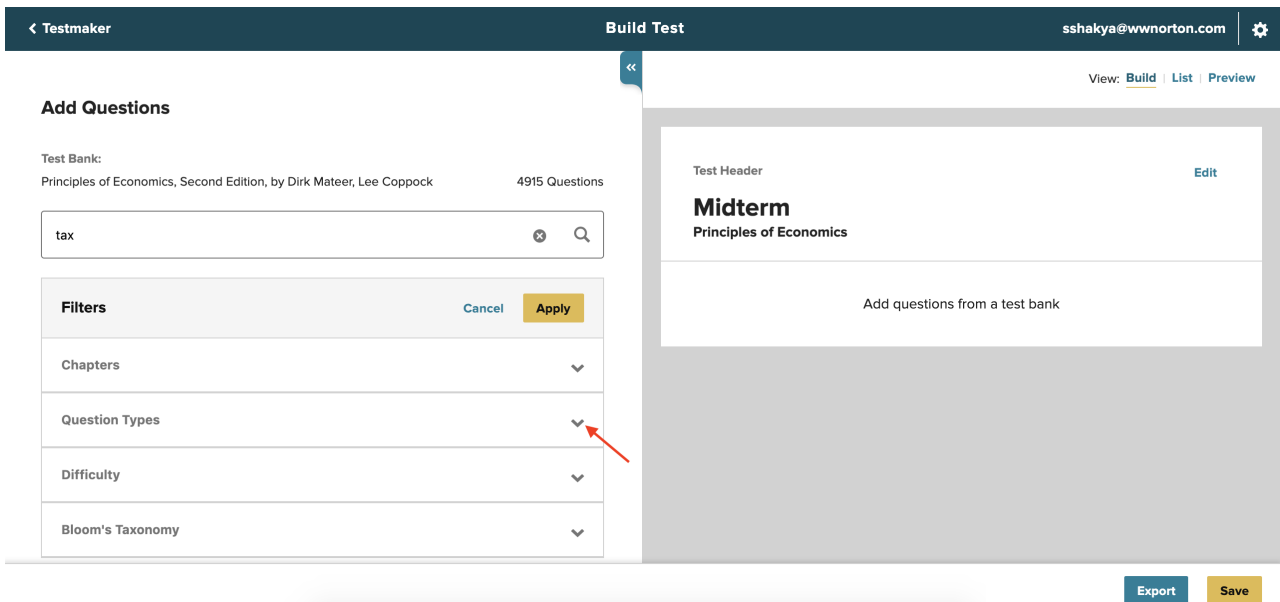

Filtering questions after search result

Questions can be filtered even after a text search.

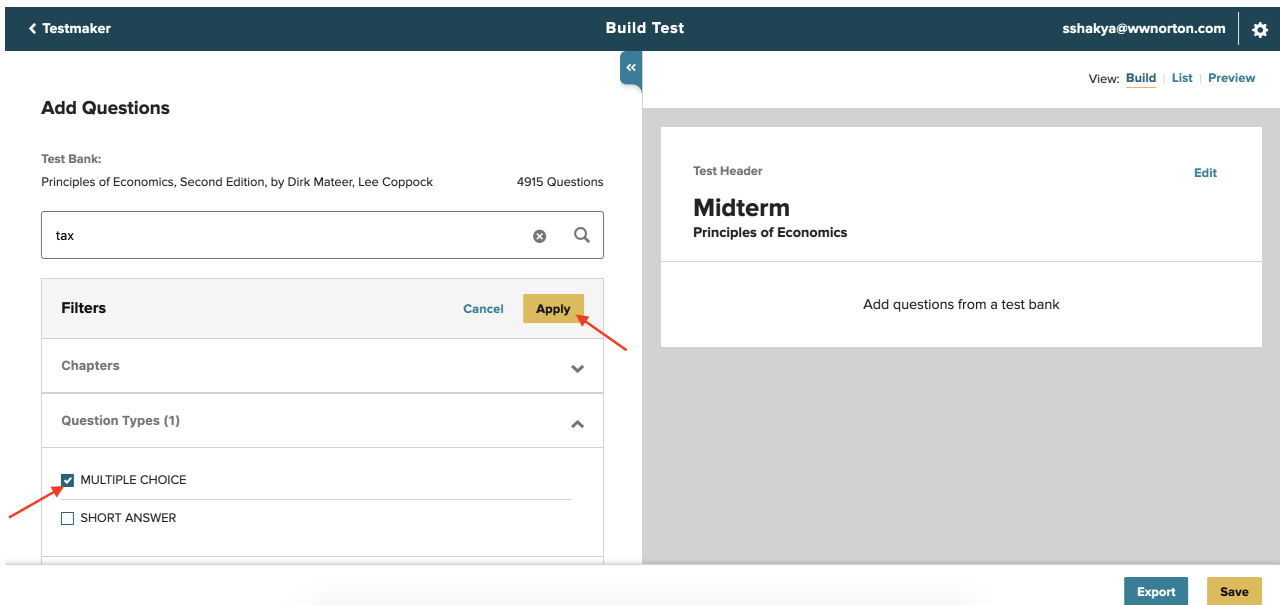

1. Click the "Add Filters" button.

The screenshot displays the Norton Testmaker interface. At the top, there is a navigation bar with a back arrow, the text 'Testmaker', 'Build Test', the user email 'sshakya@wnorton.com', and a settings gear icon. Below the navigation bar, the 'Add Questions' panel is visible on the left. It shows the 'Test Bank' as 'Principles of Economics, Second Edition, by Dirk Mateer, Lee Coppock' with '4915 Questions'. A search box contains the text 'tax' and has a magnifying glass icon. Below the search box is a yellow 'Add Filters' button, which is highlighted by a red arrow. Underneath, it shows '273 Questions' and a list of search results. The first result is a multiple-choice question: 'The U.S. federal government offers homeowners a tax deduction for their home loan interest payments. This reduction in taxes serves as a(n) _____ incentive to buy a house.' with options 'a. direct', 'b. indirect', and 'c. neutral'. On the right side of the interface, a preview of a test question is shown. It has a 'Test Header' with 'Midterm' and 'Principles of Economics' and an 'Edit' button. Below the header, it says 'Add questions from a test bank'. At the bottom right of the interface, there are 'Export' and 'Save' buttons.

2. Expand the filter category you're interested in.

3. Select the desired filter(s) and click the "Apply" button. You can apply more than one filter.

4. Questions will be filtered per filter selection. Selected filter(s) will be displayed above the search result count. Filter(s) can be removed by clicking the "X" icon inside each filter box.

The screenshot shows the 'Build Test' interface. On the left, under 'Add Questions', the test bank is identified as 'Principles of Economics, Second Edition, by Dirk Mateer, Lee Coppock' with 4915 questions. A search box contains the text 'tax'. Below the search box, a filter category 'MULTIPLE CHOICE' is expanded, with a red arrow pointing to the 'x' icon. Below this, 207 questions are listed, with the first one partially visible: 'The U.S. federal government offers homeowners a tax deduction for their home loan interest payments. This reduction in taxes serves as a(n) _____ incentive to buy a house. a. direct'. On the right, a preview pane shows the test header 'Midterm Principles of Economics' and the text 'Add questions from a test bank'. At the bottom right, there are 'Export' and 'Save' buttons.

Filtering questions without search

You can filter questions by filter categories without first searching the questions.

1. Click the "Add Filters" button.

This screenshot is similar to the first one, but the search box is empty and contains the placeholder text 'Search'. A red arrow points to the 'Add Filters' button, which is highlighted in yellow. The rest of the interface, including the test bank information, the question list, and the preview pane, remains the same.

2. Expand the filter category you're interested in.

The screenshot shows the 'Testmaker' interface in 'Build Test' mode. The top navigation bar includes a back arrow, 'Testmaker', 'Build Test', and the user email 'sshakya@wnorton.com' with a settings gear icon. Below the navigation, the 'Add Questions' section displays the test bank: 'Principles of Economics, Second Edition, by Dirk Mateer, Lee Coppock' with '4915 Questions'. A search bar is present. The 'Filters' panel is expanded, showing categories: Chapters, Question Types, Difficulty, and Bloom's Taxonomy. The 'Apply' button is highlighted with a red arrow. To the right, a preview of the test header shows 'Midterm Principles of Economics' and 'Add questions from a test bank'. At the bottom right, 'Export' and 'Save' buttons are visible.

3. Select the desired filter(s) and click the "Apply" button. You can apply more than one filter.

This screenshot shows the 'Testmaker' interface with the 'Filters' panel expanded. The 'Apply' button is highlighted with a red arrow. Under the 'Question Types' filter, 'MULTIPLE CHOICE' is selected with a checked checkbox, and 'SHORT ANSWER' is unselected. Under the 'Difficulty' filter, 'Moderate' is selected with a checked checkbox, while 'Easy' and 'Difficult' are unselected. The test header on the right remains 'Midterm Principles of Economics'. The 'Export' and 'Save' buttons are at the bottom right.

4. Questions will be filtered per filter selection. Selected filter(s) will be displayed above the search result count. Filter(s) can be removed by clicking the "X" icon inside each filter box.
