

Creating a New Test

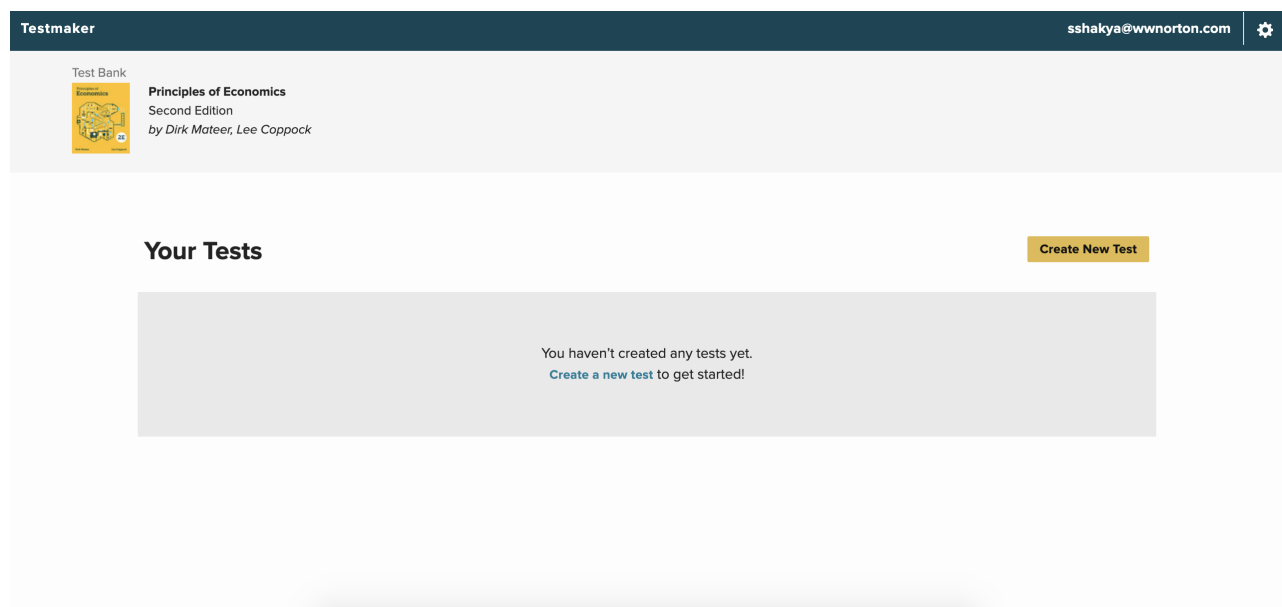

Last Modified on 07/01/2024 4:34 pm EDT

Norton Testmaker lets you create tests, quizzes, and exams from Norton-provided question banks.

“Your Tests” screen

Upon successful login, you will be presented with the "Your Tests" screen. If you have previously created tests in Norton Testmaker, your saved tests will appear in this list. Otherwise, the list will appear blank.

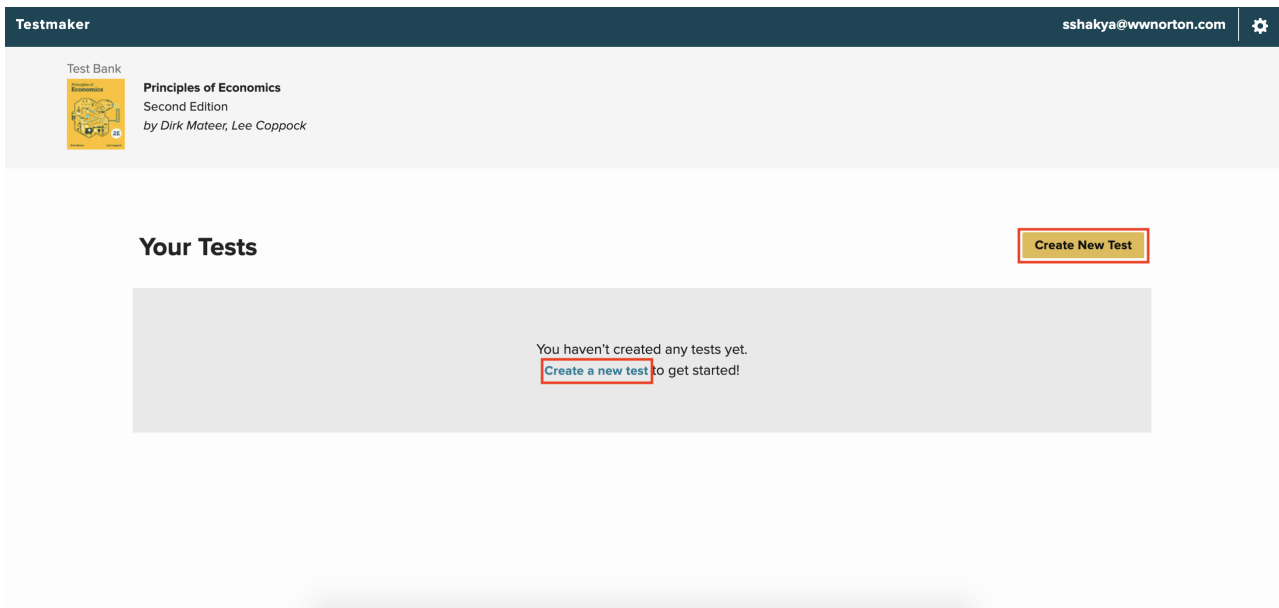

Note: The loaded "Test Bank" will differ depending on the Norton book you are using.

The screenshot displays the Norton Testmaker interface. At the top, a dark blue navigation bar contains the word "Testmaker" on the left and the user email "sshakya@wnorton.com" with a gear icon on the right. Below this, a light gray header section shows a "Test Bank" with a book cover for "Principles of Economics, Second Edition" by Dirk Mateer and Lee Coppock. The main content area is titled "Your Tests" and features a large gray box with the text: "You haven't created any tests yet. [Create a new test](#) to get started!". A yellow "Create New Test" button is positioned in the top right corner of the main content area.

Creating a New Test

Click on the “Create New Test” button or “Create a new test” link.

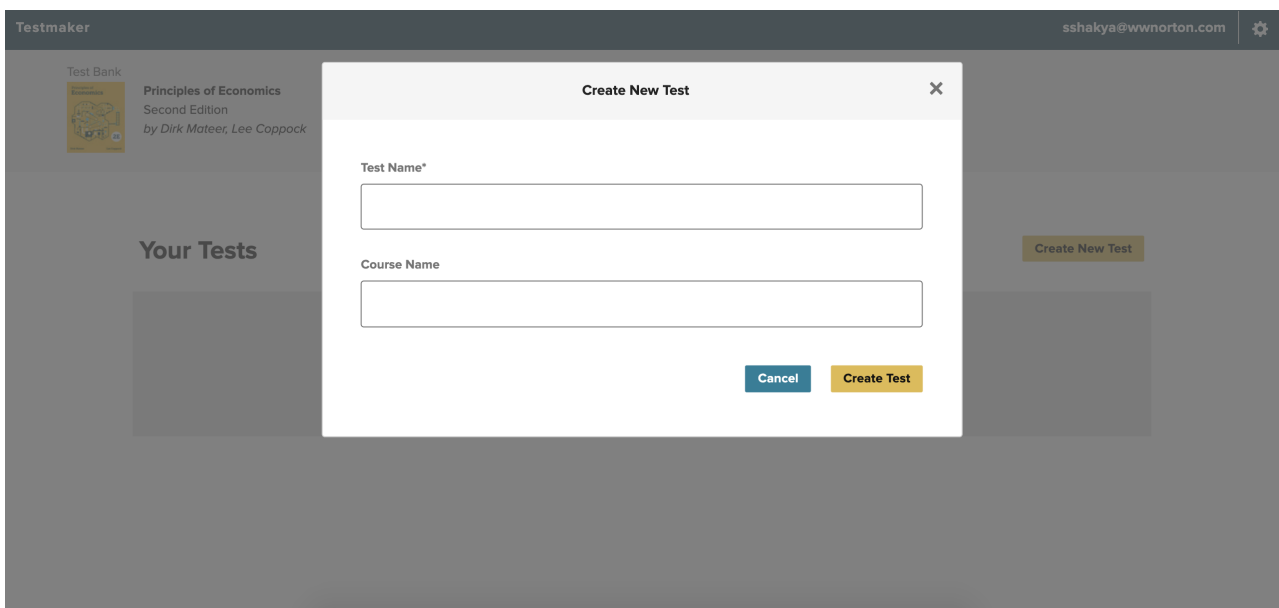

"Create New Test" prompt

After clicking the "Create New Test" button or "Create a new test" link, the following prompt will be presented. You can enter a Test Name, a Course Name, and click "Create Test" to create your new test. You can click the "Cancel" button to close the prompt without making any changes.

"Test Name" is a required field. The maximum character count for this field is 100.

"Course Name" is an optional field. The maximum character count for this field is 36.

Note: If you will be importing this test through a Learning Management System, the following special characters should not be used in the Test Name and Course Name: # & - - / \ () : ; @

"Build Test" Screen

You will enter the "Build Test" screen immediately when creating a new test. This screen consists of two major

areas. The left panel ("Add Questions") is for searching, filtering, and viewing questions you wish to add to the test. The right panel is your live test view, where you can organize the contents of the test. The views will differ depending on the size of your device's screen, though their functionality will stay the same.

The screenshot displays the 'Build Test' interface in a dark-themed header. On the left, the 'Add Questions' panel shows a search bar with the text 'Search' and a magnifying glass icon, and an 'Add Filters' button. The test bank information is 'Principles of Economics, Second Edition, by Dirk Mateer, Lee Coppock' with '4915 Questions'. On the right, the 'Live Test View' panel shows a 'Test Header' with the title 'Midterm Principles of Economics' and an 'Edit' link. Below the header, it says 'Add questions from a test bank'. At the bottom right, there are 'Export' and 'Save' buttons.
