

How Do I Import My Test to a Blackboard Ultra Course?

Last Modified on 03/16/2026 6:10 am EDT

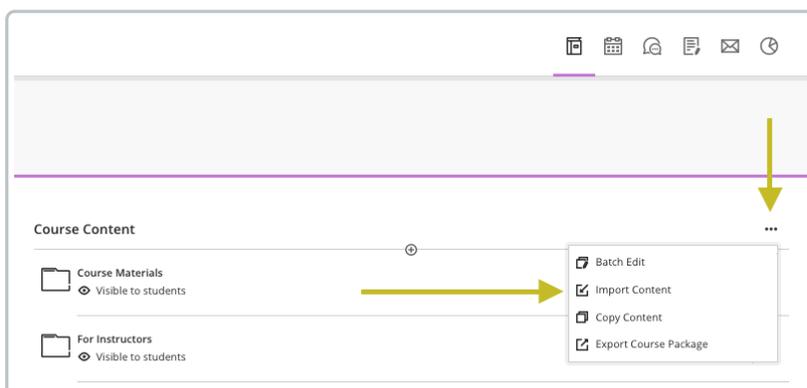

After building your test, you'll want to export it from Norton Testmaker before uploading it to Blackboard Ultra. [See instructions to export the test from Norton Testmaker.](#)

Please see the demonstration below for a walkthrough on how to import your test to Blackboard Ultra. To open this demonstration in a new tab, please click [here](#).

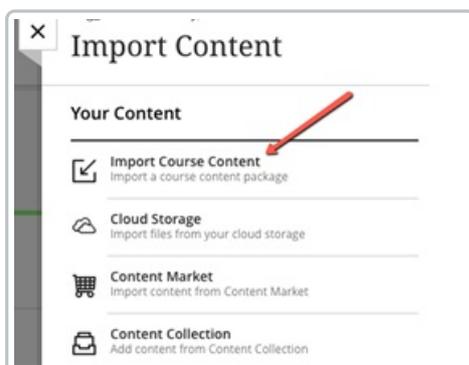

For a video walkthrough of the import process, click [here](#).

Importing a Test to a Blackboard Ultra Course

1. Log into your Blackboard Ultra course.
2. Navigate to your course.
3. In the upper right corner, you will see three dots. Click on those dots.
4. Select **Import Content**.

5. Select **Import Course Content**

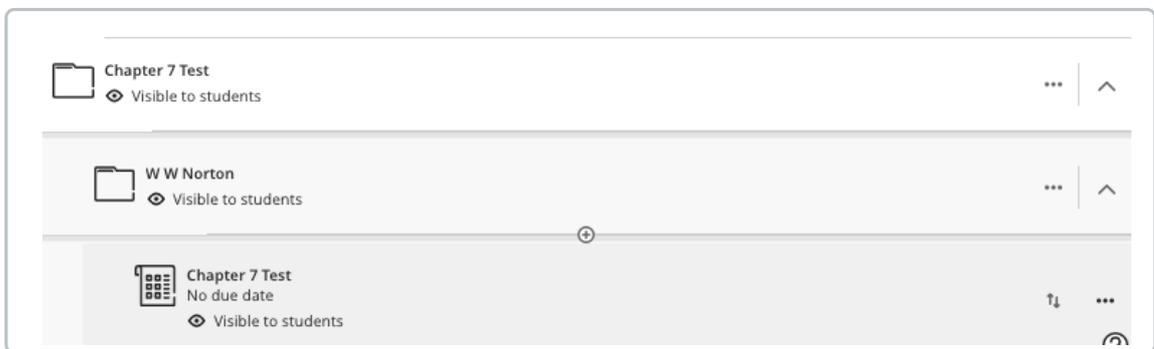

6. You will be prompted to select a file from your computer.
 - o Select the ZIP file you downloaded from Norton Testmaker. Select **Import**. (Note: For Made by Norton premade tests, this will be an imsc file.)
 - o A message will be displayed in the course indicating the import is in progress.

7. You will receive an email from your Blackboard Ultra course letting you know that the import is complete. The email should indicate that 3 items were added to your course.

- o a folder titled with the name of your test
- o a folder with that folder titled W W Norton
- o the actual test will be inside the W W Norton folder

Moving a Test from the W W Norton folder to the Appropriate Student-facing Content Area of a Course

1. To edit the test click the three dots to the far right of the quiz and select Edit.

2. Edit the test questions and make changes to the test settings as needed.
