What are Weekly News Quizzes?

Weekly News Quizzes are a new Tutorial resource available for our American government books. Updated weekly, the News Quizzes will invite students to analyze a breaking news story sourced from print, television, podcasts, and radio. These stories will also be tagged to relevant chapters in the text and include a recommended class activity and an assignable quiz.

Weekly News Quizzes are graded at 100% completion. Please see the Tutorial help notes for more information about the functionality of this resource. [Tutorial Help Notes](#).
