

How to Join a Student Set

Last Modified on 07/03/2024 12:05 pm EDT

Student Sets allow your instructor to view your results and activity data on ZAPS Psychology Labs. Follow the instructions contained on this page in order to join your instructor's Student Set so that you can share your results and activity data.

If ZAPS is integrated within your campus learning management system (Blackboard, Moodle, etc.), you will not need a Student Set ID number; your grades will automatically report to your instructor.

If you have not yet joined a Student Set, you will be asked to join a Student Set each time you launch an activity. To join a Student Set, enter the Student Set ID number given to you by your instructor in the Student Set ID: field and click the OK button. If your instructor has not given you a Student Set ID number yet, click on the I don't have a Student Set ID at this time button to close the window and proceed to the activity.

The screenshot shows the ZAPS Stroop Effect activity interface. At the top, there is a navigation bar with tabs for Introduction, Experience, Your Data, Discussion, and Learning Check. The Introduction tab is active. A modal dialog box is displayed in the center, asking for a 5-digit Student Set ID. The dialog contains the following text: "If your instructor has given you a 5-digit Student Set ID number, enter it here:" followed by a text input field labeled "Student Set ID:". Below the input field, it states: "Your activity results will be saved even if you haven't joined a Student Set. **But unless you're only using the activity for self-study, you need to join a Student Set for your instructor to see your grade.** Once you *do* join a Student Set, your results will instantly be visible in your instructor's activity report." At the bottom of the dialog, there is a link: "Need help? Contact W. W. Norton Customer Support". Two buttons are at the bottom: "I don't have a Student Set ID at this time" and "OK".

You can also manually add yourself to a Student Set by clicking on the gear icon in the upper right corner and selecting Add Yourself to a Student Set from the menu.

The screenshot shows the ZAPS The Norton Psychology Labs Second Edition interface. At the top, there is a navigation bar with the W. W. Norton & Company, Inc. logo and the text "DIGITAL RESOURCES". Below the navigation bar, there is a blue banner with the ZAPS logo and the text "The Norton Psychology Labs Second Edition". In the upper right corner, there is a user menu with the following items: "Username: zapsstudent@wwnorton.edu", "Add Yourself to a Student Set" (highlighted with a red arrow), "Request Support", "Help", "Change Your Email", "Change Your Password", and "Sign Out".

Type your five-digit Student Set ID number into the field and click the OK button.

ZAPS The Norton Psychology Labs

Second Edition

If your instructor has given you a 5-digit Student Set ID number, enter it here:

Student Set ID:

Your activity results will be saved even if you haven't joined a Student Set. **But unless you're only using the activity for self-study, you need to join a Student Set for your instructor to see your grade.** Once you *do* join a Student Set, your results will instantly be visible in your instructor's activity report.

Cancel

OK

You can add yourself to as many Student Sets as you would like. However, you cannot remove yourself from a Student Set; only your instructor can perform that action.

If you enrolled in the wrong Student Set, enroll in the correct one and notify your instructor of the mistake or contact the [W.W. Norton Service Desk](#) for assistance. Your instructor can remove you from the incorrect Student Set if they have access to the incorrect Student Set ID.
