

Canvas 1.1 LMS LTI Integration with Norton Learning Tools

Last Modified on 06/14/2024 9:53 am EDT

Before you use Norton Learning Tools to add links to your Canvas course, two things need to be done:

1. Your campus Canvas administrator has installed the tool.
2. You have a Norton user account already.

If you think either of these isn't already done, then reach out to your Norton rep for help.

If you've confirmed you're ready to go, you can watch [this video](#) to get started. It provides a visual overview of the steps provided in more detail below. You can also reach out to your [Norton rep](#) for help.

How to enable Norton Learning Tools in your Canvas course

1. Log into Canvas and open the course you'll be using in the coming term.
2. Go to the course **Settings** area, and click the **Navigation** tab.

The screenshot shows the Canvas LMS interface for a course. The top navigation bar includes 'Home', 'Announcements', 'Assignments', 'Discussions', 'Grades', 'People', 'Pages', 'Files', 'Syllabus', 'Outcomes', 'Rubrics', 'Quizzes', 'Modules', 'Conferences', 'Collaborations', 'New Analytics', and 'Settings'. The 'Settings' page is open, and the 'Navigation' tab is selected. The main content area displays a list of navigation items that can be reordered. At the bottom of the list, the 'WW, Norton Linking Tool' is visible, with a 'Save' button below it.

Item	Visibility
Students	None
Teachers	1
TAs	None
Designers	None
Observers	None

3. At the bottom, look for the item called **W. W. Norton Learning Tools**.
 - If you don't see it, then the tool hasn't been installed for this course yet. Please reach out to your Norton rep for help.
4. Click the menu icon (three dots) on the W. W. Norton Learning Tools item, and click **Enable**.

Drag items here to hide them from students.

Disabling most pages will cause students who visit those pages to be redirected to the course home page.

W. W. Norton Learning Tools

+ Enable

⇅ Move

5. Then click **Save**.

- The item will now appear in the same group as the other Enabled course navigation items.
- You can re-order it if you want to.

The screenshot shows the 'Settings' page for a course named 'dry run'. The 'Navigation' tab is selected, displaying a list of course navigation items. The 'W. W. Norton Learning Tools' item is currently disabled. A tooltip is visible over this item, showing options to '+ Enable' and '⇅ Move'. A 'Save' button is located at the bottom of the settings area. On the right side of the page, there are sections for 'Course Statistics', 'Current Users' (listing 1 teacher and 0 students, TAs, designers, or observers), and a 'To Do' list with three items.

6. Your students **won't ever** see this option in their course view.

- This setting is controlled in the tool installation process, and there's no way to accidentally reveal it to students.

The screenshot shows the 'Modules' page for the 'dry run' course. The message states: 'No modules have been defined for this course.' The right sidebar contains 'View Course Stream', 'View Course Calendar', 'View Course Notifications', and a 'To Do' list with three items: 'Review Activities: Cha...' (150 points, due Jun 26), 'Listening Activities Ph...' (10 points, due Jun 30), and 'Listening Activities Ph...' (10 points, due Jul 23).

7. You can now launch the tool to create your Norton course and send LTI links into Canvas.

How to launch Norton Learning Tools and create your Norton course

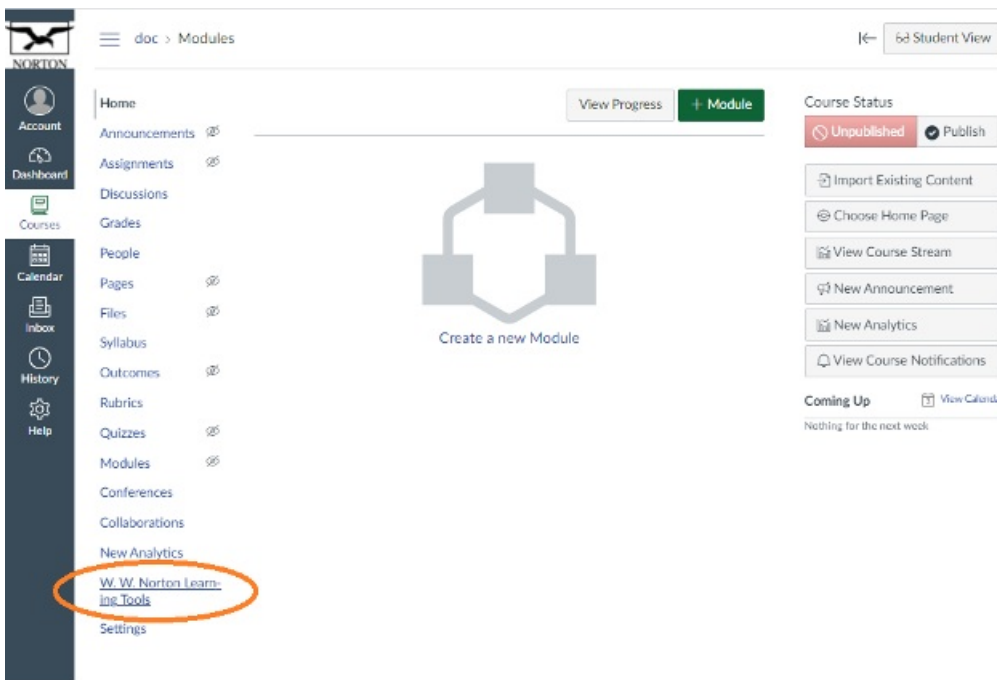

To add Norton links to your Canvas course, there are four main steps:

1. Log into Norton Learning Tools with your Norton account.
2. Authorize Norton Learning Tools to access Canvas with your account credentials.
3. Create a Norton course, which is matched to your Canvas course.
4. Select and send graded or ungraded links into your Canvas course.

In this section, we'll walk through the first 3 steps.

Log into Norton Learning Tools with your Norton account

1. Launch the **W. W. Norton Learning Tools** link from your left-hand Canvas course menu.

2. In a new tab, W. W. Norton Learning Tools will open, and ask you to log in.

- Log in using the email and password tied to your **Norton** account.
- You need to have a Norton account already. If you don't, then reach out to your Norton rep for help.

Authorize Norton Learning Tools to access Canvas with your account credentials

3. Once you're signed in, if **this is the first time** you've used this Norton Learning Tools feature, then you'll be prompted to "Authorize Canvas Access" for your account.

- Click "Proceed to Authorize."

4. On the next screen, click "Authorize."

5. Once you've authorized this access, then Norton Learning Tools can connect with Canvas and send links into your course.

Create a Norton course, which is matched to your Canvas course

6. Next you'll create a Norton course.

- Each Canvas course is matched to a Norton course. You'll need to set this up just once per Canvas course.
- This is a 4-step process.

7. **Create a Course, Step 1.** This step confirms that you're connected with your Canvas course.

Ready to send your assignments?

We recommend only sending assignments after you have finished editing them to ensure consistency between your Norton content and your LMS.

[Select Content](#)

You can relaunch this tool at any time to add more assignments.

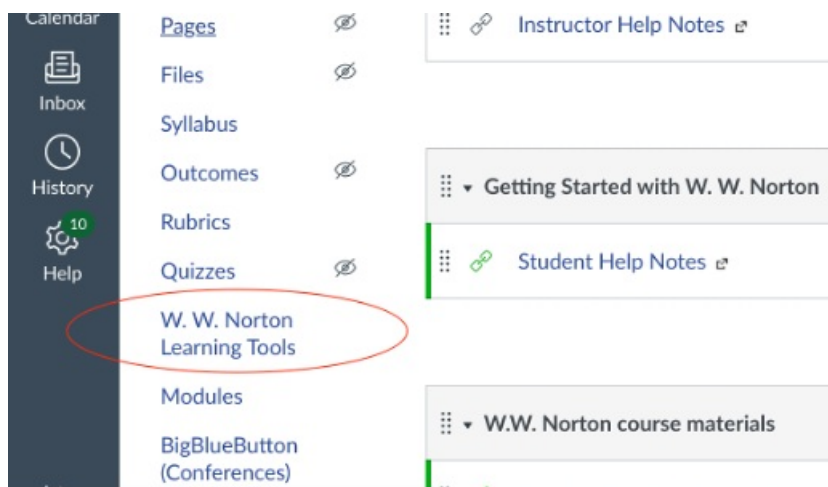

You'll see a new For Instructors module in your Canvas course with some helpful links and notes.

Note that upon course creation, a new **For Instructors Module** will appear in your Canvas course with a link to review course content (link is titled Norton Course Administration) and other help notes.

13. To select course content, follow the instructions written below.

14. If you choose to review course content, the book's Digital Resources homepage will open.

- You can explore the ebook, gradable activities, and other resources on this page.
- To link them to your Canvas course, relaunch the **W. W. Norton Learning Tool** from your Canvas course again, and then select course content

How to select and send links into your Canvas course

1. You'll see the **Select Course Content** tool when:

- You've finished creating your Norton course.
- Or you create your course, then relaunch Norton Learning Tools again.

Select Course Content for Your LMS

Select and send resources and assignments to your LMS for single sign on and grade syncing. You can return to this tool at any time to select additional content.

2. Each linkable resource for your book is listed here.

- They're grouped into sections according to type.
- As you browse these, you can expand or hide activity sections by clicking the gray section headings.
- **Ebook** or other resource links will be sent to Canvas as links in the **Modules** section
- **Assignable activities** like InQuizitive, Smartwork, Tutorials, etc. will be sent to Canvas as assignments in the Canvas **Assignments** area.
- There's an optional **Getting Started with W. W. Norton** Module we recommend that contains help notes for students and a link to our Support Desk

3. You don't have to select all your links at once!

- You can launch this tool from your Canvas course as many times as you need to.

Selecting ebook links

4. At the top of the ebook section, there's a **Full ebook link**.

- We recommend placing this in your Canvas course.
- It's a useful link for your students to go to the main ebook page (and table of contents).
- To select this link (or any other link), check the box next to its name.

7. You can set a **Due Date** for the assignment.

- This is saved **both** into the Canvas course **and** into Norton's activity settings, so the student will see consistent information about when an assignment is due.
- **But**, please be aware that if you change the due date **after** you've linked the activity to Canvas, you'll need to update both in Canvas and in Norton.
- The dates don't keep in sync automatically after the activity is linked to Canvas.

8. You can set the **LMS Point Value** for the assignment.

- This is what the assignment will be worth in your Canvas gradebook.

9. The due date is optional, but every gradable assignment needs an LMS Point Value.

- And these activities will always create a gradebook column in your Canvas course when you send them over.

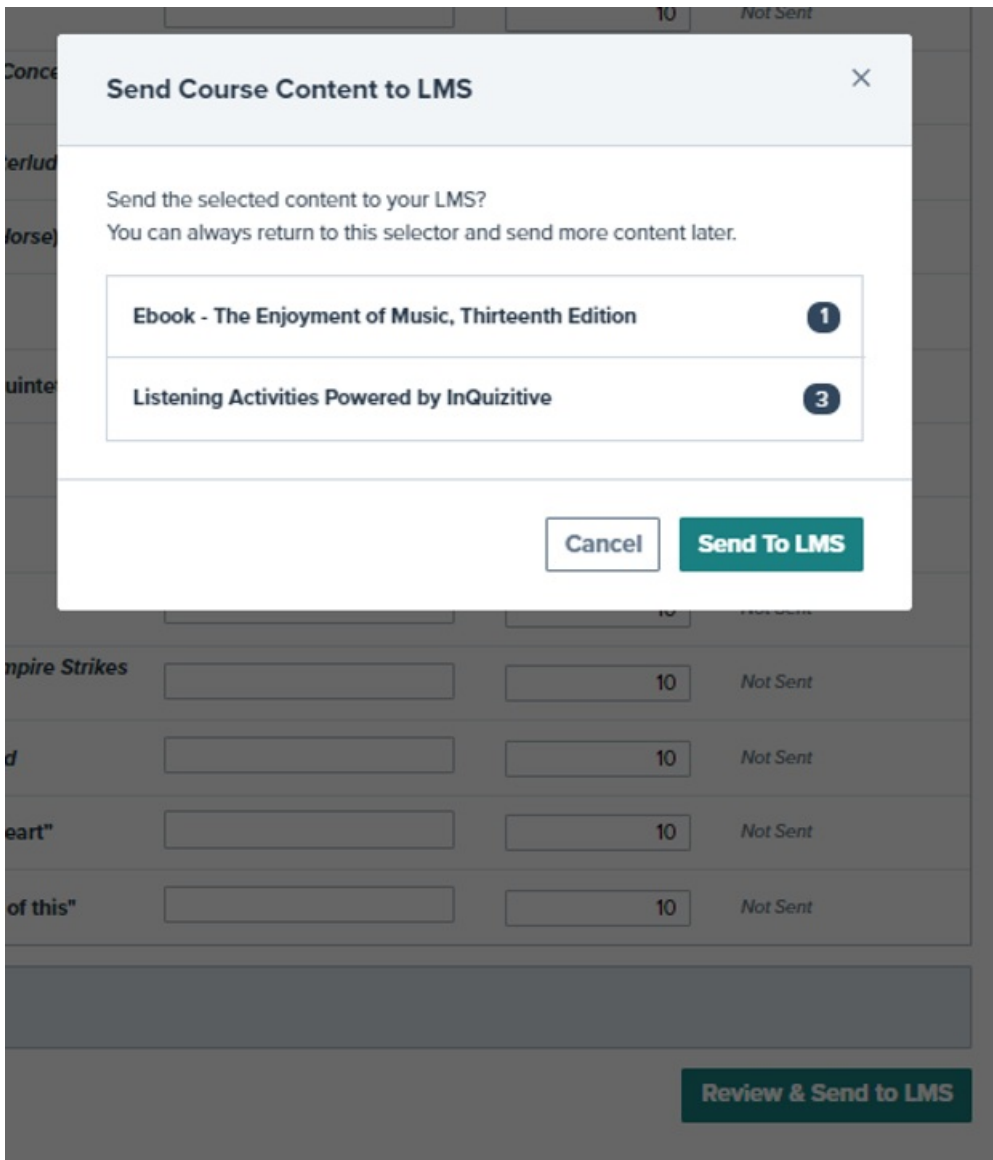

Sending links to your Canvas course

10. Click the **Review & Send to LMS** button at the bottom of the screen.

11. You'll see a summary of the links you selected.

- Confirm these before sending them into Canvas.

12. When your links are being sent, you'll see a **confirmation** message.

We are sending your content to your LMS.

Please note it can take up to 1 minute for all your content to appear in your LMS.

Next steps:

- Refresh your LMS course, and confirm that your content appears.
 - Graded activities will appear in the Assignments section.
 - Ungraded links will appear in the Modules section.
- Edit and move your content within your LMS.
- Relaunch this tool from your LMS to send more content.

For more tips, read our [LMS Integration Help Notes](#).

For additional questions, contact your [Norton Representative](#).

13. Close the Norton Learning Tools tab, and return to Canvas.

- Refresh your Canvas course
- You can see your links there, and organize them in your Canvas course the way you want.

Organizing Norton links in your Canvas course

14. Back in your Canvas course, find the Norton links you sent over.

- Graded activities are in the **Assignments** area.
- Ebook links and other ungraded items are in the **Modules** area, in a module titled *W.W. Norton course materials*
- Student help notes are in a Module titled *Getting Started with W. W. Norton*

15. All of the student-facing links and assignments are **published** in Canvas by default.

- That is, they're visible to students unless you choose to hide them
- The For Instructors: Norton Support Module will be hidden, and you should keep it hidden from students.

16. You can reorganize or regroup your links in Canvas so that your course is laid out the way you want.

Sending more links from Norton Learning Tools

17. You can return to Norton Learning Tools as many times as you want, and send more links into Canvas.

18. When you return, you'll see an indication of links that were already sent into the course.

- And your previously set Due Dates and LMS Point Values will be displayed.
