

Classic Ebook Reader

Last Modified on 10/30/2025 3:33 pm EDT

Norton began transitioning our educational ebooks to the new Norton Ebook Reader platform in 2021, concluding with a full cutover in January 2025. The new platform offers redesigned navigation features, updated annotation tools, and offline access. Due to functionality requirements, some ebooks published before 2022 may still be offered through the Classic version of the Norton Ebook Reader.
