

Making a Purchase in VitalSource

Last Modified on 03/25/2025 1:45 pm EDT

Did you know? Your school's program is designed to ensure you have access to your course materials on or before the first day of class—at the lowest price. On average, 98% of students whose course materials are offered through these programs choose to stay opted in. If you opt out, you'll lose access to essential materials like the eBook and digital assignments, and purchasing them separately may cost more and take additional time.

If you would like to opt out and make a purchase, you must purchase directly from the bookstore using the vendor's links in your Learning Management System (LMS). When you purchase or register access to a digital product, you must use the same email address that's connected to your LMS course.
