

# Brightspace D2L LMS Integration with Norton Learning Tools

Last Modified on 05/15/2026 3:32 pm EDT

## Brightspace D2L LMS Integration with Norton Learning Tools

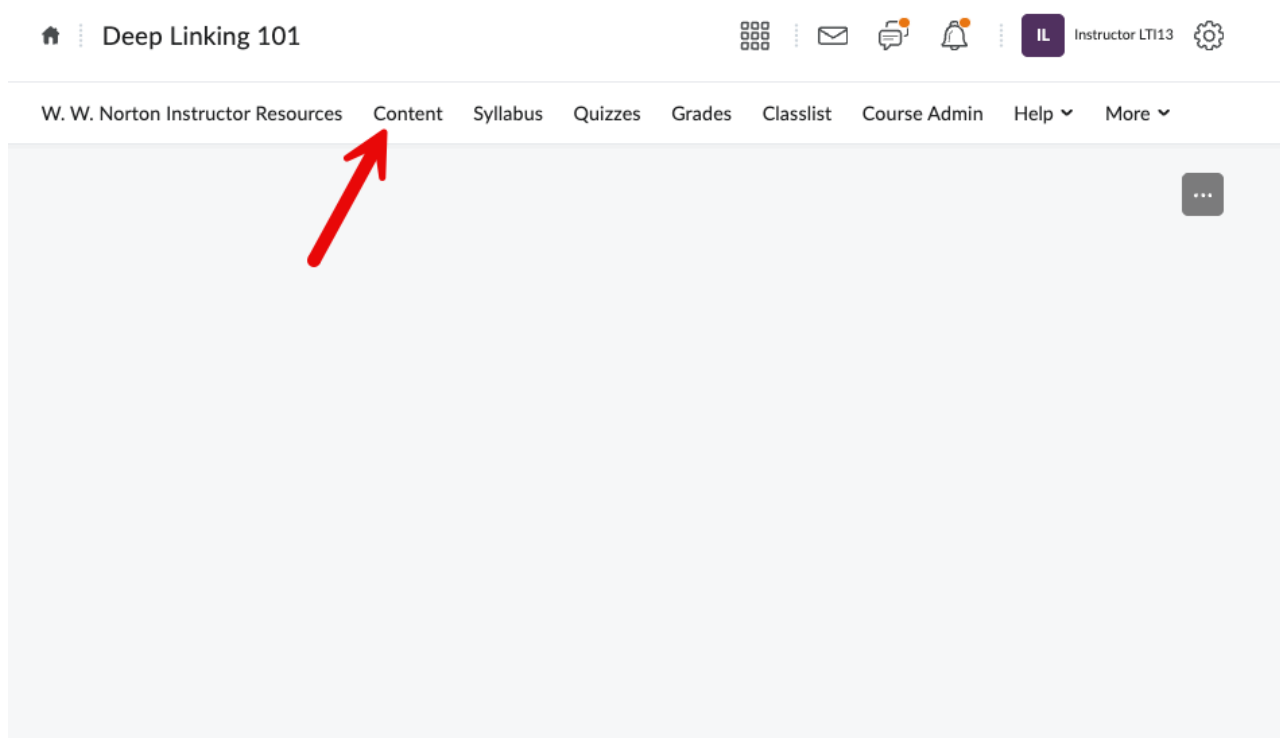

Before you use Norton Learning Tools to add links to your Brightspace D2L course, you should confirm:

1. Your campus administrator has installed the tool
2. You have a Norton user account already.

If you think either of these isn't already done, then reach out to your [Norton rep](#) for help.

## Launch Norton Learning Tools

1. From your course click **Content**

2. Add a **Module** to the course
3. Select **W. W. Norton Deep Linking** from the **Add Existing Activities** drop down menu.

Create a Course with W. W. Norton

Step 1 of 4

### LMS Connection

✔ Successfully connected to your Learning Management System (LMS).

[Continue >](#)

6. **Create a Course: Step 2.** Select your course material.

a. You can search for course material in two ways:

i. **Search by Book Title.** Use this search to browse from available titles to find the textbook you're assigning. This will be the most commonly used option.

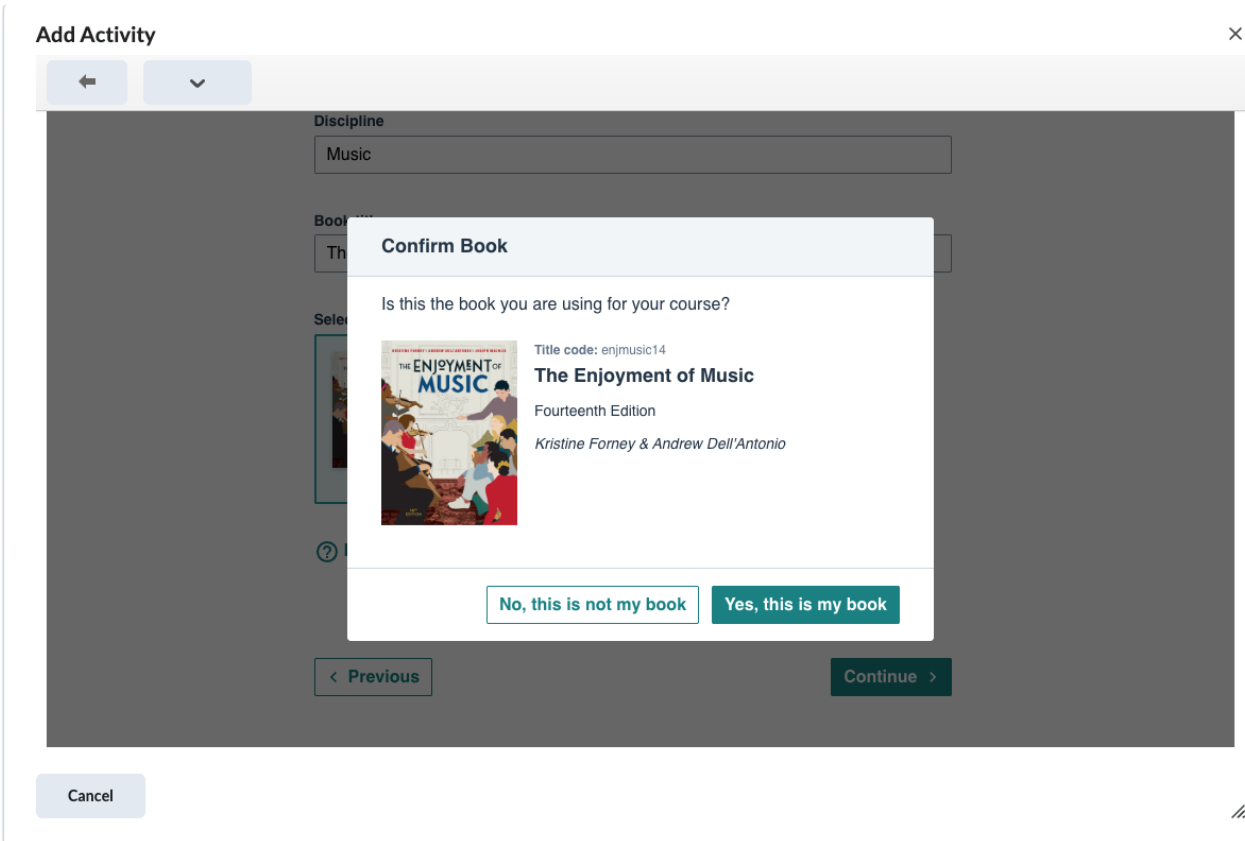

- Use the type-ahead *discipline* and *book title fields* to find your Norton text
- Use the cover and edition details to choose the correct version

ii. **Enter Title Code.** Use this option if your Norton representative or specialist provided you with a custom title code. Type the title code into the text entry field.

The screenshot shows the 'Add Activity' window for 'Deep Linking 101'. The progress bar indicates 'Step 2 of 4'. The main heading is 'Select Course Material'. Under 'Select Book (required)', there are two radio button options: 'Search by Book Title' and 'Enter Title Code'. A red arrow points to the 'Enter Title Code' option. Below this, a text input field labeled 'Title Code (required)' contains the text 'enjmusic14'. At the bottom, there are 'Previous' and 'Continue' buttons, and a 'Cancel' button in the bottom left corner.

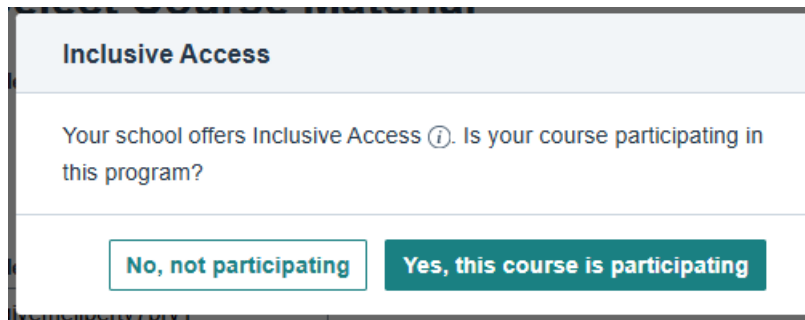

b. Confirm that you've selected the right book for your course. Select either "Yes, this is my book" or "No, this is not my book"

**Note:** if you select "No, this is not my book" the confirm book pop-up will close and you will be placed in the select course material screen

c. If applicable, confirm whether your course is participating in your school's Inclusive Access or Equitable Access program.

**Note:** This program can be called different names.

**Note:** If you select "Yes, this course is participating." When Students launch the course, they are auto signed in and are asked to accept the terms and privacy policy.

Screenshot when a student launches the course and opts in for Inclusive Access

**Note:** If you select **No, not participating** the course will be flagged as opted-out from Inclusive Access. When students launch an activity the first time from a course they are prompted to sign in before they can access the course activities. They must register with an Access Code, Purchase Entitlements to the Course Materials or select Trial Access.

Screenshot when a student launches a link from the course and has opted out of Inclusive Access

A screenshot of a computer Description automatically generated

7. **Create a Course: Step 3.** Enter some required course details.

- a. The **School Type, Country, School State/Province, and School Name fields** all work to tie your course to the right school record.
- b. The **Course Name** can be up to 80 characters long.
- c. The **Start Date** is the first day of student access to the course.
- d. The **End Date** is when you expect all course grades to be final.

Create Course

## Choose your integration type

For graded assignments, you may choose to send individual assignment links (most popular), or product homepage links.

Choose individual assignment links if you want your students to access separate links for each assignment in your Brightspace D2L course. This will create separate grade columns in the Brightspace D2L gradebook for each assignment per student.

Choose product homepage links if you want your student to have one link in Brightspace D2L for each Norton product. This will create one grade column for each Norton product in the Brightspace D2L gradebook per student. This grade is a cumulative average of all assignments for that product.

**Note:** The Student Set ID is in the upper lefthand corner in parentheses. Click **Details** to see the course details. Then click **Close** to select integration type.

□

### Option A: Adding deep links to individual assignments:

After you select “**I want individual assignment links for Brightspace D2L**”, you’ll see the **Select Norton Learning Tools** screen

- Each linkable resource for your book is listed here.
  - They’re grouped into sections according to type.
  - As you browse these, you can expand or hide activity sections by clicking the gray section headings.
- You don’t have to select all your links at once
  - You can launch this tool from your course to add additional links throughout the semester.

1. Check off any link you would like to send to your LMS.
2. You may **set a due date** and **edit the LMS point value**.

□

### Option B: Adding deep links to product homepages:

After you select “**I want product homepage links for Brightspace D2L**”, you’ll see the **Select Norton Learning Tools** screen

- Each linkable resource for your book is listed here.
  - They’re grouped into sections according to type.
  - As you browse these, you can expand or hide activity sections by clicking the gray section headings.
- You don’t have to select all your links at once.
  - You can launch this tool from your course to add additional links throughout the semester.

1. Check off any link you would like to send to your LMS
2. Edit the LMS point value by typing a new value in the box

## Sending links to your Brightspace D2L course

3. Click the **Review** button at the bottom of the screen

□

4. You’ll see a summary of the links you selected. Confirm, and Send to Brightspace D2L

5. Close the pop-up.

6. Refresh the course, review the links and review the link grade items in Grades.

The screenshot shows the Canvas LMS interface for the course 'Deep Linking 101'. The top navigation bar includes a home icon, the course name, and several utility icons (grid, mail, chat, notifications, user profile, settings). Below the navigation bar is a secondary menu with 'W. W. Norton Instructor Resources', 'Content', 'Syllabus', 'Quizzes', 'Grades', 'Classlist', 'Course Admin', 'Help', and 'More'. The main content area is titled 'Course Materials' and features a search bar, 'Print', and 'Settings' options. On the left, a sidebar menu lists 'Syllabus', 'Bookmarks', 'Course Schedule' (with a '2' badge), 'Table of Contents' (with a '6' badge), and 'Course Materials' (with a '6' badge and highlighted). Below the sidebar is an 'Add a module...' input field. The main content area contains a list of course materials:

- Add dates and restrictions...** (with an eye icon)
- Add a description...**
- Buttons:** 'New', 'Add Existing Activities', and 'Bulk Edit'.
- Activity 1:** 'Ebook: The Enjoyment of Music: Full ebook link' (External Learning Tool, Due April 7 at 11:59 PM, checked).
- Activity 2:** 'Tutorials: Chapter 1 - Melody: Musical Line' (External Learning Tool, Due April 7 at 11:59 PM, checked).
- Activity 3:** 'Tutorials: Chapter 2 - Rhythm and Meter: Musical Time' (External Learning Tool, Due April 10 at 11:59 PM, checked).
- Activity 4:** 'InQuizitive: Prelude 1. The Enjoyment of Music' (External Learning Tool, Due April 7 at 11:59 PM, checked).
- Activity 5:** 'InQuizitive: Chapter 1. Melody: Musical Line' (External Learning Tool, Due April 10 at 11:59 PM, checked).
- Activity 6:** 'Playlists: Homepage Link' (External Learning Tool, checked).

## Sending additional content from W. W. Norton Deep Linking

7. Select the **W. W. Norton Deep Linking Tool** from the “Add existing Activities” drop-down menu.

8. When you return, you’ll see an indication of links that were already sent into the course. Your previously set Due Dates and LMS Point Values will be displayed.

9. You can select additional links here.
