

Brightspace D2L - Migrating to LTI 1.3

Last Modified on 05/22/2026 4:46 pm EDT

If your school is migrating from LTI 1.1 to LTI 1.3, congratulations! You will soon have some great new functionality unlocked. Here's important information you need to know:

IMPORTANT: You must wait to set up your new course until after your school has completed the migration to LTI 1.3.

Returning Users

After your Customer Success Manager has confirmed that your school has migrated to LTI 1.3, you can copy your course, and pair it to a new Norton course (student set). Just follow these instructions:

<https://knowledgebase.wwnorton.com/help/d2l-course-copy-instructions>

New Users

After your Customer Success Manager has confirmed that your school has migrated to LTI 1.3, you can use the Deep Linking Tool to set up your course with exactly the content you want. Instructions for using the deep linking tool can be found here: [Brightspace D2L LMS Integration with Norton Learning Tools](#)
